FINA DEVELOPMENT PROGRAMME MISSION

To elevate the importance of Aquatics worldwide by providing a framework for increased participation, enhanced promotion, and global competitive success in the sport.

WHAT WE DO

FINA administers international competition and development in all six FINA aquatic disciplines: Swimming, Open Water Swimming, Diving, Water Polo, Artistic Swimming and High Diving

Our most important partners to keep improving the Aquatic Disciplines are the **FINA National Member Federations**. By making additional resources available, Federations can use FINA as a partner to develop the management and promotion of the different disciplines.

Focus areas:

- High Performance
- Coaching
- Officiating
- Athletes
- Competitions
- Financial support
- On line education

2019 FINA CLINICS

As part of the FINA Development Programme, FINA is currently running clinics to train coaches in each of the six aquatic disciplines and swimming officials. Both training programs, respectively conducted by highly experienced coaches and officials appointed by FINA, are designed to educate and train coaches and officials around the world.

With this initiative, FINA offers to its 209 affiliated National Member Federations the opportunity to successfully develop the aquatic sports in their countries.

Programme Goals

- Provide basic training to coaches and swimming officials of all levels, from beginners to advanced participants.
- Ensure that coaches and swimming officials are given the opportunity to develop their skills, developing thus the aquatic sports in their countries.

When

September – October Bidding Procedure: All National Member Federations wishing to host a FINA Clinic in their country are invited to send a bid application to their respective Continental Organisation (CANA, UANA, AASF, LEN, OSA).

- The maximum number of clinics organised by National Federation is two.
- There may be no more than one clinic per discipline and category (Coaches or Swimming Officials) organised by a National Federation on an annual basis.
- FINA Clinics for Coaches may last from five to ten days, whereas FINA

Clinics for Swimming Officials have a duration of three to five days.

November – December Bid Approvals: FINA announces which of its 209 affiliated National Federations have been awarded with a FINA Clinic.

January – December:

Awarded National Federations may host a FINA Clinic from January to December of the following year, according to the approved applications.

How

FINA Clinics are conducted by an international expert appointed by FINA. The clinic programme and content is adapted to the host federation's particular requirements.

2019 FINA DEVELOPMENT TRAINING CENTRES

Purpose

FINA is continuously looking for the best ways to help on the development of our National Federation members, and especially for those that have more difficulties in getting access to high level structures and environments.

The FINA Development Centres aim to provide the opportunity to the continent where it is located, and concretely to a specific zone, to have a reachable High-Performance Training Centre in their region. Furthermore, through the training Centre FINA will put his best efforts to develop the aquatic disciplines by running the FINA Development Programmes opened to all the FINA National Federations from the continent.

The FINA Development Training Centre provides a Centre of excellence for the training and development of international class athletes, coaches and officials.

The Programme

This programme is aimed to support the FINA National Member Federations in their efforts to manage and administer their organisations. Practical examples and theory of best practices in the field of managing sports organisations will be offered, as well as, the mentorship of recognised experts that will guide the Federations to strategically plan their activities in order to promote aquatics in the best way within their country.

Objectives

The purpose of **FINA National Aquatics Managers Programme** is to:

- To increase the management competencies of the FINA National Federations
- To support the FINA National Member Federations to better promote aquatics within their county.
- To promote the use of strategic planning in order to establish a common pattern of organisation among the FINA National Federations.

Programme Goals

As part of the development of the National Federations, preparing athletes for international competitions is crucial to their development and the future of the national teams.

The aim of the programme is to identify, qualify and prepare a limited number of athletes aspiring to participate at the FINA World Championships.

When

The FINA Scholarships Programme was launched in June 2013.

FINA provides since then annual scholarships for a duration of 3-12 months to a limited number of athletes. The length of the scholarship depends on the athlete's plan and the expectations of the FINA National Member Federation.

How

All the FINA National Member Federations are invited to apply to award one of their athletes during the *FINA Scholarships Programme - application period*.

FINA provides assistance to the scholarship holders by supporting their NF or by offering the opportunity to train at a high-level training centre.

Each NF receives the application form where they can select one of the possible training options (Training Centre or National Federation option) and present the credentials of the athlete such as his/her best results, the training plan that has been followed, the feedback from the coach and the motivation letter written by the athlete.

2019 FINA SCHOOLS PROGRAMME

COURSES DELIVERED	80
PARTICIPANTS	1488
CERTIFIED OFFICIALS	484

Programme Goals

- Increase the number of Technical Officials and enhance the quality of the existing ones
- Create a uniform pattern of interpretation and application of rules across all aquatic disciplines, thus raising the quality of officiating
- Develop and promote aquatics worldwide

A range of FINA Development and Certification Schools are available within each continental region in six aquatic disciplines, with the objective of establishing a universal and standardized training and certification system:

- FINA Artistic Swimming Development Schools for Judges
- FINA Artistic Swimming Certification Schools for Judges
- FINA Diving Development Schools for Judges
- FINA Diving Certification Schools for Judges
- FINA High Diving Schools for Judges
- FINA Open Water Swimming Development Schools for Officials
- FINA Open Water Swimming Certification Schools for Officials
- FINA Swimming Schools for Officials
- FINA Water Polo Development Schools for Referees
- FINA Water Polo Certification Schools for Referees

When

September

Bidding Procedure: All National Member Federations wishing to host a FINA School in their countries may send their bid application to the FINA Office for approval.

Each National Federation may organise one school per discipline on an annual basis.

October

Bids Approval: FINA announces which of its 209 affiliated National Federations have been awarded a FINA School.

January – December:

Awarded National Federations may organise their school from January to December of the following year.
