

## DEVELOPMENT PROGRAMME

## Interim Report on the FINA OLYMPIC AQUATICS SUPPORT PROGRAMME

### FINA OASP Objective

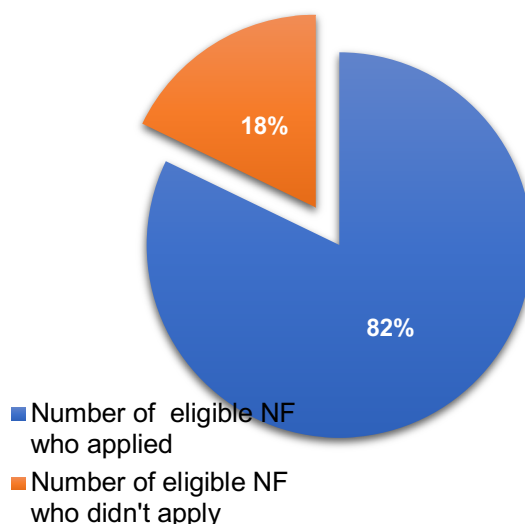

The purpose of this programme is to provide financial support to all of FINA' Member Federations in their endeavors to develop and foster aquatics at all levels within their territories.

Therefore, the objective of this programme is to enable the FINA National Member Federations to develop, strengthen and fine tune their activities in all its forms, including all Aquatic Disciplines –from grassroots to elite, for all ages and genders- as well as their governance, management and administration in order to improve the organization and professionalism of their operations and consequently become more efficient, transparent and independent.

### 2018 FINA OASP Participation

Only those National Federations whose athletes have participated at the last FINA World Championships or FINA Swimming World Championships (25m) will be eligible to benefit from the programme.
