VENUES

All training and competition for swimming will take place at the following three venues in five pools between 14-25 June:

<table>
<thead>
<tr>
<th>Duna Aréna</th>
<th>Dagály</th>
<th>Császár-Komjádi</th>
</tr>
</thead>
<tbody>
<tr>
<td>50 m warm up and</td>
<td>50 m outdoor pool</td>
<td>50 m outdoor pool</td>
</tr>
<tr>
<td>50 m competition pool, both indoors</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

VENUE ACCESS

The scheduled shuttle service will transport athletes and team officials to the Duna Aréna as well as to Csaszar-Komjadi training pools. Teams will access the venue through the main bus stop entrance and walk straight to the athlete entrance into the Duna Aréna. Dagály pool is about a 3-minute walk from the drop-off point.

DUNA ARÉNA 2ND FLOOR
Field of Play (FOP)
The competition pool is a 10-lane, 50m pool with a constant depth of 3m. Competition will be conducted in the full 10 lanes for heats and the central 8 lanes for semi-finals and finals. The competition area and all equipment will be presented in accordance with FINA Rules and Regulations.

Leaving the pool
Athletes should only leave the pool by the sides and not by climbing over the touch-pads. Athletes must collect their accreditation from the accreditation table as they leave the Field of Play (FOP) before proceeding through the mixed zone.

Mixed Zone
After collecting their accreditation, athletes will be directed through the mixed zone in order to leave the FOP to collect their clothes from the basket area and proceed to the warm-up pool and the team seating areas.

Facilities and services

Sport Information Desk (SID)
Sport Information Desks will operate at the entrance of each competition venue on competition days, as well as during scheduled training sessions. The Sport Information Desks will provide information on the competitions staged at the venue where it is located and will be in operation from the first day of training. Limited information of other disciplines will also be available.

The Sport Information Desks will operate similarly to a reception desk and are the primary point of distributing all Championships information including the following:

- Sport specific information for the competition held at the venue
- Limited specific information on other disciplines
- Official communication with teams
- Distribution of start lists and results
- Liaison among teams, competition management and the FINA Technical Committee
- Confirmation of times for training sessions
- All documentation necessary for the Team Leaders Meeting
- Other miscellaneous enquiries

Operating hours for the Sport Information Desk will vary depending on the competition and training program of each discipline. The SID is operated by sport-specific volunteers and supervised by Competition Management. Access to the SID will be given to accredited Team Officials only to ensure that information is communicated efficiently and effectively to all National Federations. Notice boards will also be available for posting Championships updates.

Diplomas can also be collected here.

Accreditation center
To pick up your team’s accreditations, Team Leaders must go to Duna Aréna by shuttle bus. The accreditation center will be across from the main entrance of Duna Aréna (2 minute walk).

Call Rooms
Both first and last call rooms are located on the south side of the venue, next to the athletes’ lounge. There is also a 50m last call room for 50m events located on the west side of Duna Aréna.
LOC Office
The LOC Office is located on the south side of the venue, behind the red and yellow team seats. Teams can collect the medals for the relay alternates here.

Medical Services
Medical Services will be provided by the medical team during all training and competition sessions. The medical room is on the south side of the venue, at the beginning of the blue corridor next to the warm-up pool.

During the day, throughout the competitions and training events, doctors and assistants are available at all locations, next to each pool, and will immediately start treatment on site in case of a medical issue.

You can easily find these locations using the app downloaded via the QR code below (compatible with both iOS and Android platforms). You can download the app directly using the QR code no later than the first official training day, but the app is also available on Apple Store and Google Play.

The app downloaded contains the location of all health care points. The 24/7 HOTLINE phone line created for the FINA2022 event is also directly accessible from the application (between June 13 and July 3, 2022), made available by Semmelweis Medical Services Ltd., the exclusive Healthcare Services Provider of the event, in case medical assistance is required when the person concerned is not at a training or competition venue.

- If an examination/treatment cannot be performed at the training or competition site, only on the basis of a verbal request recorded made by phone via the HOTLINE shall the Provider organize the delivery of the participant to the clinics of Semmelweis University – depending on the urgency, even by ambulance – where his/her medical care will continue.

- If you have any health issues, please do not travel alone and be sure to log in via the HOTLINE!

The 24/7 HOTLINE phone line created for the FINA2022 event is also directly accessible from the application (between June 13 and July 3, 2022), made available by Semmelweis Medical Services Ltd., the exclusive Healthcare Services Provider of the event, in case medical assistance is required when the person concerned is not at a training or competition venue.

- If you do not log in via the HOTLINE, you will only be able to use the medical services at your own risk and expense.

- If the medical issue occurs outside of competitions or training sessions, or occurs in the evening or at night, the doctor sent to the hotel by the Service Provider will provide treatment to the participant after consultation via the HOTLINE.

- All of the emergency medical care and most of the emergency dental care indicated and provided via the HOTLINE is free of charge for all foreign guests accredited to the event. The cost of these treatments is covered by the Service Provider and – in the case clinical care is required – by the insurance company contracted by FINA.

Inquiries received through hotline@semmelweiskft.hu (e.g. Departure PCR test requests) are processed within 24 hours, therefore this channel cannot be used to report emergencies!
Doping Control
The doping control station will be located on the ground floor of Duna Aréna. It is easily accessible from the athlete exit of the FOP. Budapest 2022 LOC will deliver a Doping Control Program that will comply with the FINA and WADA processes and procedures.

Ice Baths
Ice baths are allowed on one side of the warm-up pool. The space for this is very limited, and will be allocated on a first come, first served basis.

Lost and Found
The location of the Lost and Found will be next to the Sport Information Desk.

Press Conference Hall
The Press Conference Hall is located on the north side of the venue, next to the Media Room. This is where the Team Leaders’ meeting for Swimming will take place on 16 June.

Lactate Testing
Lactate testing can be done within each team’s preparation area.

Results available
www.omegatiming.com
Scan the QR codes displayed on the wall throughout the venue.

Athletes’ Presentation (Mandatory!!)
One of the key objectives of the FINA World Championships, Budapest 2022 is to focus great and unique attention on the athletes and their performances. In line with this, Sport Presentation at the event aims at presenting individual athletes’ images to the spectators as well as TV viewers. Similarly to recent top events, the photos and videos of athletes will appear on the giant video screens during their individual presentation leading up to the competitions.

We respectfully ask all Team Leaders to send all their athletes who are ranked between #1 and #40 in the world to the basket area in Duna Aréna for photography and a short video recording. The videos are needed for the athlete presentations during the semi-finals and finals.

This should be done on the training days (14-17 June). The video shooting will take up to three minutes maximum per athlete. Athletes should be wearing their general team attire, what they would typically wear for a victory ceremony. All athletes are requested to attend the photo session at the first possible training session to avoid long waiting times on the last day.

Team Filming Area
Limited space is available for the team filming area, and is available on a first-come, first-served basis. A reservation email including the name/function of the person handling the team camera must be sent to the LOC SW Manager, Mr. Peter Szajer (peter.szajer@fina-budapest2022.com), by 3 June.
5.1 Team Preparation Areas

Upon closure of the sport entries on 8 June, the space in the team preparation area will be allocated and announced by 10 June, at the latest.

Duna Aréna 1st floor
- A: Warm up pool
- C: the Hall
- D: Athletes Lounge/Terrace

Duna Aréna 2nd floor
- B: Conference hall and hanging corridor

See maps on pages 9 and 10.

5.2 Warm up guidelines

All lanes in the Competition Pool are CIRCLE SWIMMING ONLY, until 45 min. prior to the advertised time of end of warm up, when the competition pool converts to the following diagram:

COMPETITION POOL – START/FINISH END

<table>

![Diagram showing the setup of lanes in the Competition Pool]

50M START END

COMPETITION POOL
- There is NO DIVING AT ALL until 45 min. prior to the end of warm up, and then diving only in those lanes marked to do so.
- There is NO DIVING IN CIRCLE SWIMMING LANES, entry to these lanes is to be feet first. Circle swimming is anti-clockwise.
- No paddles, fins or rubber bands are allowed in the Competition Pool.
- Any time between sessions, the Competition Pool must be set up as above.
- FINA Technical Swimming Committee reserves the right to modify the above guidelines should the situation warrant.

WARM UP POOL
- All lanes will be anti-clockwise circle swimming, with feet first entry.
- Lanes one (1) and eight (8) can be used for dive in sprints or relay exchange practice. The starting blocks must reflect the blocks used in the competition pool.
- Backstroke ledges should also be available in the Warm Up pool.

Please note that due to the opening ceremony taking place right before the first evening session (18 June), warm up in the competition pool will end one hour earlier that day than during the rest of the competition.
The OC will provide shuttle bus services between the official hotels and the training and competition venues. The first bus will leave at approximately 6:00 AM from each hotel to Duna Aréna, and it will be adjusted according to the training schedule. Buses will run every 20 minutes in peak hours and every 30 minutes or hour during the rest of the day.

Please find below a provisional and general shuttle schedule.

A complete timetable will be available on public display next to the information desk at each hotel.

A complete timetable will be available on public display next to the information desk at each hotel.
A complete timetable will be available on public display next to the information desk at each hotel.
There will be two separate locations for team seating. The first will be next to the competition pool and the second will be in the North stands that is closest to the team preparation area in the conference hall (2nd Floor).

As the number of seats of Duna Aréna is greatly reduced since 2017, teams will access the team seating area in rotation. Seating of approximately 600 seats will be divided into four sectors – red, yellow, blue, and green. The four sectors will rotate on a daily basis. During the eight-day period, each National Federation will be placed twice in each sector.

The full rotation plan will be available by 10 June, following the closure of sport entries on 8 June.

The coaches’ corner will be located on the pool deck, next to the red team seating area. Only the coaches whose swimmer(s) is swimming in a given event should access the area during the event.

FINA WORLD CHAMPIONSHIPS
Budapest, Hungary
18 June - 03 July
TITLE: MASTERPLAN - 3rd FLOOR
DUNA ARENA
Swimming
9.1. INTRODUCTION

The aim of these FINA COVID-19 Regulations is to ensure that all steps are taken to mitigate the risk of infection for those involved in the Budapest 2022 FINA World Championships. All participants at the Budapest 2022 FINA World Championships (competitors and non-competitors) must respect these Regulations.

9.2. BASIC PRINCIPLE

9.2.1. General Measures

Each participant is required to comply with the following infection prevention measures. As a Participant, you must:

- Wash/sanitize your hands frequently
- If needed, cough and sneeze into a tissue or the crook of your arm
- Wearing a FFP2 mask is mandatory until the negative result of the entry PCR test is reported. If this test is negative, wearing a mask will be optional. (except in few situations described in these Regulations and sport-specific documents)
- Avoid shaking hands, hugging, kissing
- Keep physical distancing wherever possible

- In case of experiencing any symptoms, please immediately notify the Budapest 2022 COVID-19 Officer and your team/delegation CLO (COVID-19 Liaison Officer Medical Coordinator) or FINA CLO (The CLO- will decide if these symptoms may be COVID-19 related). The COVID-19 Officer is Prof. Dr Béla Merkely.
- The athletes are strongly requested to leave Budapest, 48 hours after the end of their final competition.
9. COVID PROTOCOL

9.2.2. Vaccination

FINA is committed to the welfare of all participating athletes and event-related personnel. We also respect our obligation to minimize the risk of infection for residents of the host country. Therefore COVID-19 vaccination for all attendees is strongly recommended, as vaccination is proven to be effective in reducing infection and transmission of COVID-19.

9.2.3. Conditions of participation

FINA and the Local Organizing Committee may modify the conditions of participation if necessary, taking into account the current/future situation of the COVID-19 pandemic.

9.2.4. Registration

Each participating team must comply with the maximum number of athletes and accompanying officials allowed per country, and be registered for the Budapest 2022 FINA World Championships. Individuals or teams who fail to comply with the infection prevention measures and rules of conduct outlined in these Regulations will not be permitted to participate in the Event.

9.2.5. Definitions

The following list contains the definitions of terms used in this document:

**Participant:** a person who has been accredited for the World Championships.

**Vaccinated Participant:** an accredited person with at least two recognized vaccinations.

**Recognized vaccination:** Every type of COVID-19 vaccine is acceptable, there is no expiration time of the validity of the vaccination.

**Non-vaccinated participant:** an accredited person who has not received a recognized programme of COVID-19 vaccination.

**CMO:** Chief Medical Officer

**COVID-19 Liaison Officer (CLO):** a delegation/team member responsible for; monitoring the implementation of COVID-19 countermeasures; acting as liaison to the organizers and FINA; supervising screening tests; and serving as a point of contact in case of suspected or confirmed COVID-19 cases.

**Physical distancing:** refers to a distance of at least 1.5-metre between individuals.

**Face coverings (masks):** NOTE: medical masks (FFP2, N95, KN95 or equivalent) are preferable but surgical masks are also acceptable. FFP2 is required in few described situations.

**Sanitizers:** a range of disinfectants in liquid or gel form, that satisfying standards of infection control, preferably dispensed via touchless dispensers.

**Personal protective equipment (PPE):** clothing (gowns, gloves, face shields etc.) worn by individuals to avoid risks of infection.

**COVID-19 PCR testing:** polymerase chain reaction test for COVID-19, considered to be the “gold standard” for detection of COVID-19.

**COVID-19 Ag rapid test:** an antigen test from a nasal swab producing a result in about 15-20 mins but with less accuracy than the PCR Test.

**COVID-19 symptoms:** The most common symptoms include sore throat, cough (usually dry), shortness of breath, chest pain, high temperature, sudden loss of smell and/or taste sensation, headache, general weakness and aching muscles. Gastrointestinal symptoms of nausea, vomiting, diarrhoea, or stomach ache may also occur.

**Close contact:** A close contact is defined as the roommate, or anyone who, within the previous 24 hours, has spent more than 15 minutes within a distance of 1.5 m from any person confirmed as COVID-positive, without undertaking appropriate infection prevention measures. Each case of suspected “close contact” will be investigated comprehensively, taking into account factors including surrounding environment and circumstances of contact, before making any decisions regarding isolation.
9.3. COVID-19 COUNTERMEASURES AND RESPONSES

All accredited Participants will be subject to COVID-19 screening tests before and during the Budapest 2022 FINA World Championships.

Everyone must adhere to all COVID-19 countermeasure and responses described within these Regulations in addition to testing requirements.

9.3.1. Entry to the organising country (= Day 1)

1. Testing prior to Arrival in Hungary / Budapest
 Each participant shall have a Negative PCR or Antigen Test taken within 48 hours of their departure. (at the participant’s costs).
 The Certificate of this test shall be in English must and include the following information:
   • Name of the participant
   • Date of birth
   • Passport number (if possible)
   • Contact information of the testing provider (name, address, phone, email)

Each participant shall bring FFP2 masks.

   • If your testing prior to departure is positive, please do not travel to Budapest. Please contact your CLO or FINA for further instructions.

2. Arrival in Hungary / Budapest (1st Day)
   I. At the airport, the participants are welcomed by the organising committee and transferred to their respective COVID-19 screening points (unless late arrival. See point #8). The main screening point is located in Margaret Island (Thermal Hotel Ensana). The screening points for Water Polo in Debrecen, Szeged and Sopron will be located in each competition venue. Opening times of these screening points will be adjusted to the arriving times of the participants.

   II. At the screening point, the participant shall present the Certificate of Negative PCR or Antigen Test done before departure.
   Note: For participants who may have been in Hungary during the pre-event period (for instance, with the occasion of a training camp) they will have to present the Negative PCR or Antigen Test performed 48 hours before their departure to Hungary.

   III. At the screening point, the participant will also have to make a statement about their previous infection status. Infection status will be recorded by the local medical teams.

   IV. If the Participant has a recognized vaccination, she/he must show the Vaccination Certificate (translated in English) for recording by the local medical teams.

   V. Then each participant will have a mandatory “Entry PCR test” and a rapid antigen test at the dedicated screening point, performed by the medical team. (The testing is free of charge). The participants will have to wait on site until they get the result of the Antigen test (15-20 mins).

   VI. The result of the PCR test will be available the next morning at the latest. While waiting for Until the result of the PCR test, the proper use of a FFP2 mask is obligatory.

   VII. If the Antigen Test is negative, the participant is transferred to the hotel. There is no restriction of movement until the results of PCR (but FFP2 mask is required).

   VIII. In case of late night arrival, the participant will be transferred directly to the Hotel. There is no quarantine obligation but the use of FFP2 mask is required. The next morning, the participant will be transferred to the screening point to perform the rapid antigen and the PCR testing (as per points #2-7).

In case of a positive rapid antigen result on site, the Participant will be isolated and transferred to his/her hotel for isolation and further testing will be conducted as described in section 9.3.3.

In case of a positive PCR test result, participants will be contacted by the medical team immediately.

CONSEQUENCES
If a Participant does not have a certificate of COVID vaccination or necessary information is missing, their accreditation may be withdrawn, and the participant may be obligated to stay in quarantine until the necessary tests are performed or the correct form of certificate is presented. This decision will be made by the CMO.
9.3.2. COVID-19 screening tests during the World Championships

I. For Vaccinated Participants
Following the negative result of the entry PCR and the entry rapid antigen test, no further COVID-19 testing is required during the Event. An exception is a symptomatic participant or possible close contacts.

II. For Non-Vaccinated Participants
Following the negative result of the entry PCR and the entry rapid antigen test, one additional antigen test will be performed on the 5th day after their arrival in Budapest. No further Covid-19 testing will be required during the Event after this test. An exception is a symptomatic participant and possible close contacts.

In case of non-vaccinated Participants, the accreditation will be valid only for 5 days. Following the negative result of the antigen test on the 5th day, the accreditation will be extended until the end of the event. A participant not presenting her/himself for this test will be subject to consequences outlined previously.

III. Leaving Budapest / Hungary
If an Antigen or PCR test is required before departing Budapest at the end of the World Championships, the participant shall contact the Organising Committee for assistance.

9.3.3. If you are confirmed positive for COVID-19

I. Confirmatory Tests
In case of positive Antigen or PCR result, the CMO will decide on further confirmatory tests based on the previous COVID-19 history and vaccination status of the participant.

II. In case of symptoms
If suffering symptoms, participants shall inform the CLO, contact the Hotline and stay in their hotel room or in the isolation room at the Venues. The COVID-19 team will arrive and make a decision about the further treatment and actions.

III. Measures for confirmed cases
In case of a confirmed positive test, the Participant will be isolated in the same hotel in a single room (if there is availability). Otherwise, the Medical Team / LOC will find another accommodation for the isolation.

In case of mild symptoms, the medical team will treat the Participant in the hotel room.

In case of major symptoms, the Participant will be hospitalised. The costs of the hospitalisation will be not covered by the Organisation Committee. Therefore, each participant must be covered by her/his personal health insurance in their country of residence.

NOTE: For FINA Family, Officials, Teams and NFs’ representatives, the costs of any hospitalisation or medical treatment related to Covid-19 are covered by FINA’s insurance policy. This is subject to the insured person having followed all necessary protocols before and during travel (e.g., vaccine / PCR tests, as required). For full coverage we remind policy holders that they must carry minimum legal health insurance.

a) Vaccinated Participant
The Vaccinated COVID-19 positive Participant must stay in isolation for six (6) days.

On the 6th day of the isolation, an Antigen test will be performed by the medical team in the hotel room. If the result is negative, the Participant may resume competing or continuing his/her role. However, he/she may be required to undertake additional tests as determined by the Budapest 2022 COVID-19 Officer. Also, he/she must wear FFP2 face mask for five (5) additional days.

b) Non-vaccinated Participant
The Non-Vaccinated COVID-19 positive Participant must stay in isolation for ten (10) days.

On the 10th day of isolation, an Antigen test will be performed by the medical team in the hotel room. If the result is negative, the Participant may resume competing or continuing his/her role. However, he/she may be required to undertake additional tests as determined by the Budapest 2022 COVID-19 Officer.

Also, he/she must wear FFP2 face mask for additional 5 days.
I. Isolation Facility / Hotel
The costs of the extra nights in the hotel room has to be borne by the participant.
- Three meals will be provided each day, catering for a variety of dietary considerations.
- Free WIFI shall be available, enabling communication with your CLO and team.

II. Close contact identification
The local public health authority of the jurisdiction (or the FINA CLO) shall investigate each case to decide if an individual falls into the category of 'close contact' as defined in Section 2.5 based on the information provided by the LOC.

a) Vaccinated Participant
If Vaccinated Participants are confirmed as a close contact of a COVID-19 positive case, a PCR test will be performed immediately and an additional Antigen test will be done after 4 days (5th day of the positive report).

FFP2 mask is mandatory until the Antigen test result on the 5th day.

However, it will not be mandatory to stay isolated as a close contact Participant (unless of course the close contact tests is positive for COVID-19). The close contact Participant will be allowed to keep competing or to continue her/his duties or work.

b) Non-vaccinated Participant
If Non-Vaccinated Participants are confirmed as a close contact of a COVID-19 positive case, a PCR test will be performed immediately and an additional Antigen test will be done after 4 days (5th day of the positive report).

- The Non-Vaccinated Participant identified as a close contact must stay in isolation until at least the 5th day.

Her/his status will be reconsidered by the Medical Team after the Antigen test.

9.3.4. Consequence of multiple positive cases within a delegation (e.g., water polo team, swimming delegation, artistic swimming team, divers from the same country, etc.)
If three or more positive cases are declared within a delegation, then this delegation could be excluded from the competition.

- However, a full review of the circumstances will be performed before confirming this decision

9.4. VENUE MANAGEMENT

9.4.1. Basic infection prevention practices at the venues
- Zones for athletes and coaches etc. will be clearly separated from those for the general public; thorough prevention measures will be in place taking into consideration the characteristics of each zone.
- All frequently touched surfaces including doorknobs and handrails will be disinfected regularly.
- Hand-sanitizers will be provided at the entrances/exits of the venues, waiting rooms and athlete waiting spaces during training and competition.
- Regular hand washing will be encouraged at all times.
- Face masks are optional. (It is mandatory for particular situations described in the Regulations).
- Spectators are encouraged to show support by clapping instead of cheering or chanting.

9.4.2. Zoning & Operations at the venue
The zones for athletes and coaches etc. shall be clearly separated from the general public.

9.4.3. Training at the competition venue
The training sessions will be adjusted to limit the number of athletes and coaches in the same area.
9.5. TRANSPORTATION SERVICES

The accredited Participants should only use the transport designated by the LOC.

9.6. SPECTATORS

There will be no restrictions on spectators during the Budapest 2022 FINA World Championships.
10. OTHER

VICTORY CEREMONIES

All victory ceremonies will take place on the balcony above the FOP. Athlete chaperones will be on hand to advise and guide all athletes before, during and after the victory ceremony.

A clean pool deck policy will be in operation during the competition, no movement around the poolside will be allowed during competition sessions.

We remind you that as per the FINA Code of Conduct, any political, religious or discriminatory statement or behavior is strictly prohibited on the FOP, including during victory ceremonies.
THANK YOU FOR YOUR ATTENTION
