## 2.3 Japanese diplomatic missions abroad

**It is a requirement on the GMS to fill out information regarding the country and city of the diplomatic mission in which you will be applying for and receiving your visa. No changes can be made after the submission of registration because Fukuoka OC will consult with the central government based on the information provided.**

(1) Please check the following for the websites of Japanese Embassies, Consulates and Permanent Missions. Some websites are available in languages other than English.

<https://www.mofa.go.jp/mofaj/link/zaigai/index.html> (Website in Japanese)

[https://www.mofa.go.jp/about/emb\\_cons/mofaserv.html](https://www.mofa.go.jp/about/emb_cons/mofaserv.html) (Website in English)

- (2) Please see Appendix for a list of locations of Japanese diplomatic missions abroad (as of December 2022)

Some Japanese diplomatic missions abroad have jurisdiction over several countries/ regions (please note that Japanese diplomatic missions abroad are not located in all countries/ regions). If it is not located in your country, you will have to apply to a diplomatic mission in a neighbouring country that has jurisdiction over your country. It is therefore recommended to allow plenty of time for visa applications.

Each diplomatic mission has its own website, which you are advised to check before making an enquiry.

### 3. Visa Application Procedures

#### 3.1 Procedures Chart

Please complete the registrations of your participants in the GMS. Each nomination must be duly submitted with all requested information for the OC to prepare the invitation letter.

Attention! It is a requirement on the GMS to fill out information regarding the country and city of the diplomatic mission in which you will be applying for and receiving your visa. No changes can be made after the submission of registration because Fukuoka OC will consult with the central government based on the information provided.

The sections coloured in BLUE will need to be done by NFs.

STEP	CONTENT	NOTE
1	Complete and submit the registration in the GMS. Enter the name of the country and city for the Japanese diplomatic mission abroad where the visa application is to be made.	Once submitted, no change can be made to the diplomatic mission abroad where the visa application is to be made.
2	OC prepares a 'visa applicant list' based on GMS information.	"Visa applicant list" contains Name, nationality, date of birth, sex, passport number, diplomatic mission to which the applicant is applying.
3	OC submits a 'list of visa applicants' to the Ministry of Foreign Affairs of Japan.	
4	Identification process takes place at the Ministry of Foreign Affairs.	
5	OC receives information from the Ministry of Foreign Affairs on the granting or denial of visas.	The procedure will take from 2 to 3 weeks.
6	The OC creates a 'list of eligible person for visa issuance' based on this information.	'List of eligible person for visa issuance' contains Name, nationality, date of birth, sex, passport number, diplomatic mission to which the applicant is applying.

7	OC emails the NFs the 'Invitation Letter' and the 'List of eligible person for visa issuance'.	A list of persons who have been refused visa issuance will also be sent.
8	The NFs fill in the visa application form and apply with the documents received from the OC to the diplomatic mission abroad previously notified in the GMS.	A passport valid for at least six months after entry into the country is required.
9	Go to the diplomatic mission abroad to collect the visa.	It usually takes 1 week (2 weeks in some countries) from application to visa issuance. Such applicants should be advised to apply for their visas as soon as they receive the necessary documents from the Fukuoka OC.

Despite registering in the GMS that the participant need a visa, if the name of the participant is not on the 'List of eligible person for visa issuance', it means that the participant has been refused a visa for some reason. In this case, the participant will not be allowed to enter the country.

The Ministry of Foreign Affairs does not disclose the reason for the rejection of the application.

### 3.2 Purpose of visit

The documents required for visa application depend on the purpose of the visit to Japan, but for Championships' officials and athletes, the purpose is 'short-term business purposes'.

### 3.3 What is required for the application

#### 【To be prepared by Applicants】

Some countries/ regions require additional documents other than below. You must check the website above for more details.

- Passport (with the validity of at least 6 months after entry into the country)

Some countries have special regulations regarding the validity of passports, so please check with the diplomatic mission where you are applying for your visa in advance.)

- Visa application form (there is a form prescribed by the diplomatic mission abroad where the application is made.)

Please see Appendix 5.1.

- Photo (Please check the size of photo on the website as it varies by country)
- Visa issuance fee (Approx. 3,000 yen, borne by applicants)
- Other documents required by the Japanese diplomatic mission abroad

\* A consultation service regarding visa is as the following. Please use English or Japanese.

**visa@fukuokaoc.org**

#### 【Documents sent from the OC to Applicants】

Please submit at the time of visa application.

- Invitation Letter

\* In order for Fukuoka OC to issue the document, the applicant must correctly register the information in the GMS. Please make sure to register accurate information.

\* Please carry the documents sent by Fukuoka OC together with your passport so that you can present them during immigration procedures, just in case.

### 3.4 Points to note on application

- (1) It is strongly recommended that the GMS registration (which must be approved by World Aquatics after registration) be completed 8 weeks before the intended date of travel in order to apply for a visa. It takes longer for a visa to be issued if the application documents are incomplete.

\* It takes some time to receive the 'Invitation Letter', which is necessary for visa applications, as it is issued by the OC after the person has been registered and approved in the GMS and a decision has been made by the Ministry of Foreign Affairs to issue a visa (We will issue the list within a few days upon receiving it from the Ministry of Foreign Affairs). It takes

about 2 - 3 weeks from GMS approval to issuance of the letter.

- (2) If you have circumstances that may require your date of entry to Japan to be earlier, please be particularly careful. In case of last minute, World Aquatics/OC procedures may not be completed in time.
- (3) Please apply at the Japanese Embassy/ Consulate General located in your country (region) of origin or country (region) of residence (or the nearest diplomatic mission with jurisdiction over your place of residence if there is more than one). As a general rule, an application cannot be made at the country of travel, but if there are unavoidable circumstances and you wish to apply at the country of travel, please consult in advance.
- (4) According to Japanese law, visa issuance fees must be paid in cash in local currency. Payment by credit card or electronic money is not accepted.
- (5) Based on the data registered in the GMS, Fukuoka OC will coordinate visa issuance with the Japanese government, so please do not apply on your own initiative or contact the diplomatic mission abroad regarding the timing of visa issuance until the OC sends you the necessary documents for visa application.

\*Please note that the visa is valid for 3 months from the day after it is issued. You must undergo immigration clearance in Japan within the period of validity. The visa validity period cannot be extended, and you will not be allowed to enter Japan after the expiry date of the visa. Please consider your planned date of entry into Japan carefully before applying for a visa.

### **3.5 Application to Japanese diplomatic missions abroad**

To apply for a visa, prepare the relevant documents and apply in one of three ways: (1) in person at the Japanese embassy or consulate-general; (2) by a representative holding a letter of attorney at the Japanese embassy or consulate-general; or (3) at a proxy application organisation approved by the Japanese embassy or consulate-general. However, depending on the circumstances in each country, there may be cases where the applicant must be present in person as a general rule, or where the application must be made via a proxy application organisation as a general rule. Consequently, please check in advance with the embassy or consulate-general where the application is to be made.

Once the examination is over and the visa has been issued, you will need to go back to where you submit the application to pick up your visa.

The necessary procedures are listed according to nationality, so be sure to refer to the following websites or the websites of the respective diplomatic missions abroad to complete the necessary procedures.
