1.4 Slogan, Event Logo, and Mascots

Concept

The Concept of our Event is “WATER MEETS THE FUTURE”.
The Concept expresses the hope that all the participants will meet the future.

**WATER
MEETS
THE
FUTURE**

WATER MEETS THE FUTURE

Water Meets The Future
The future awaits.

The most innovative and open
Championships ever will create
a new vision for aquatic sports
a new vision of Fukuoka
and show all involved the future.

Emblem

The Event emblem is a symbol representing a combination of “F” for Fukuoka and an image of aquatic sports, an easy-to-understand pictogram for everyone around the world. The symbol, which depicts human heads and arms to express the energetic movements of the six aquatic sports disciplines, represents a medal ceremony podium to honour the world’s top athletes.
The emblem for the Masters Championships, which is pale orange, has more round-tipped arms and gives a warmer impression.

1.4 Slogan, Event Logo, and Mascots

Mascots

Inspired by Fukuoka’s ocean-front location, dolphins, well known as a popular sea animal, were chosen for the design motif.
The mascots’ human-like characteristics will boost the momentum of the Championships.

●SEALIGHT

Sealight is very confident about swimming much faster than anyone else. He is friendly to everyone, but likes to compete with others and dreams of becoming a big star in the human world as well.

The origin of his name is the combination of the words “Sea” and “Light”.

“Sea” represents Fukuoka’s oceanfront location and “Light” refers to casting a bright light on people’s futures.

SEALIGHT

●SHIRNEY

Shirney is a bit clumsy, but is a hard worker who makes efforts to overcome challenges. She can make friends with anyone and wants to make even more friends. She dreams of travelling around the world with her friends.

Her name comes from the word “Shine”, and represents a bright future for all the people involved in the Championships.

SHIRNEY

Venue:Press Conference Room at Seaside Momochi Beach Park (HD Venue)

The Team Leaders Meeting will cover items such as the official draw and important procedures from pre to post Competition.

In addition, the Athletes Briefing will take place on 22 July at 09:00 JST at the High Diving Venue.

2.3 Venues and Facilities

2.3.1 Venue Overview

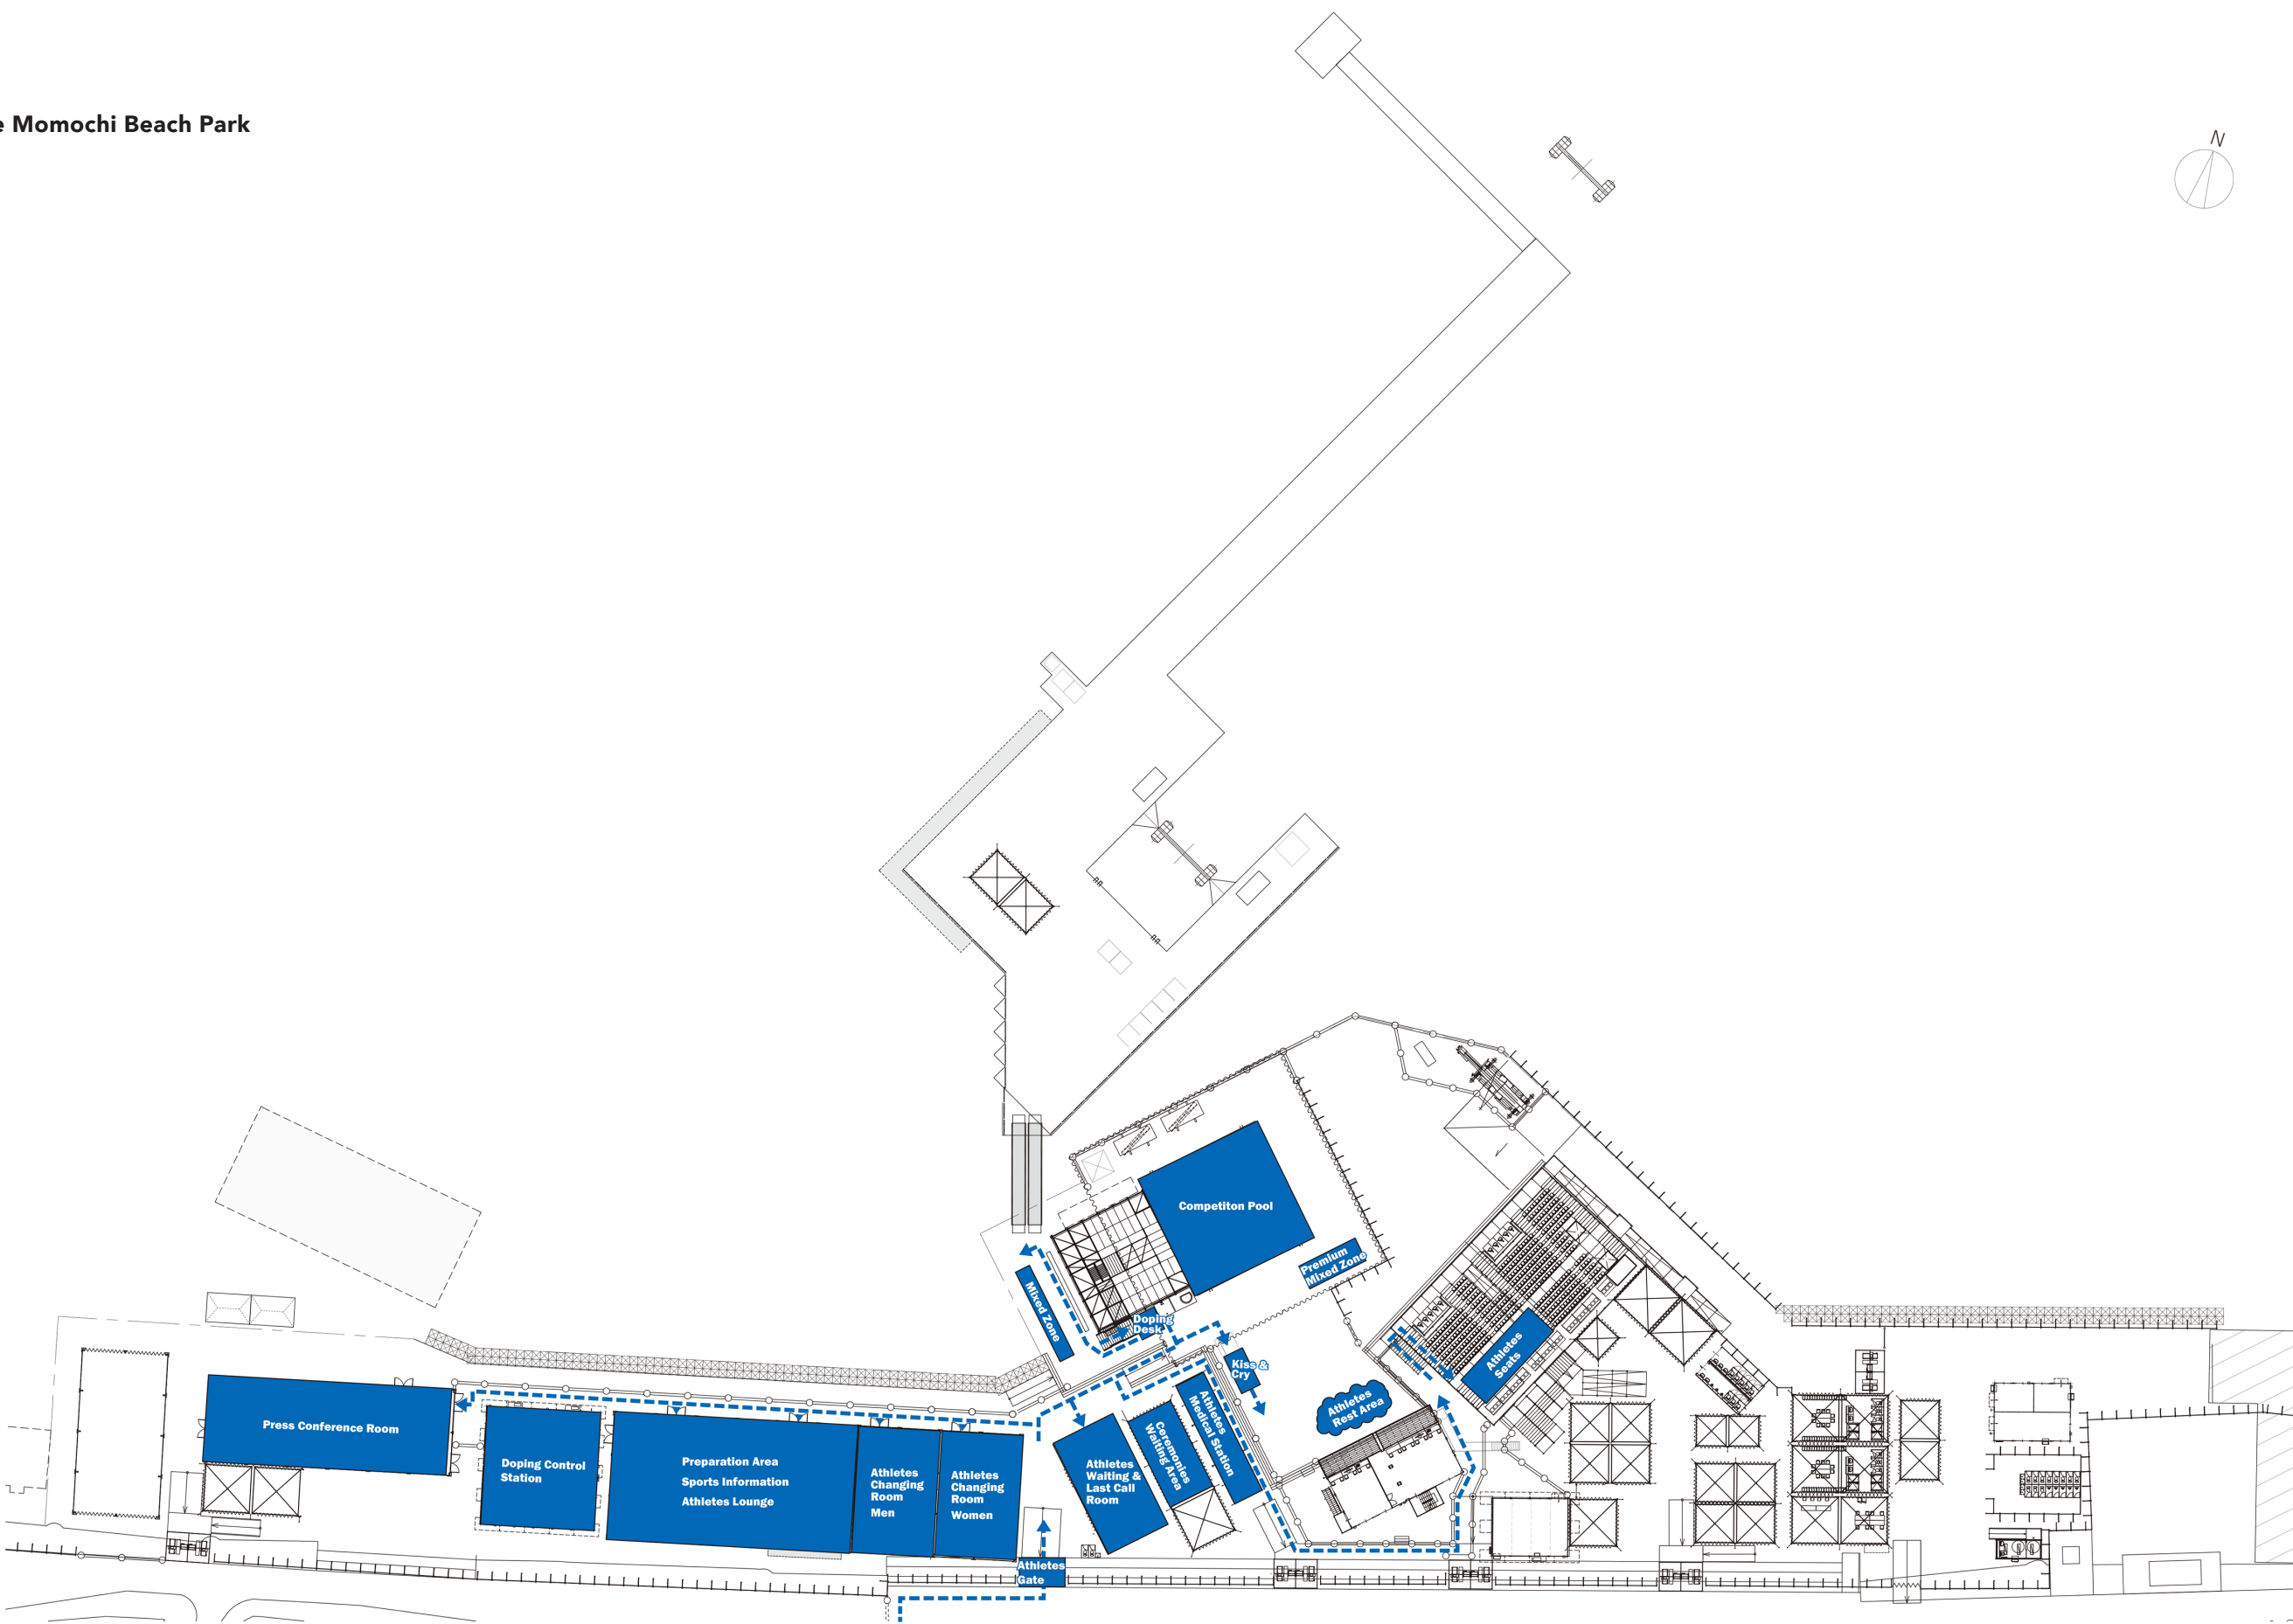

Seaside Momochi Beach Park (Jigyohama District) (SMB)

Many city residents come to Seaside Momochi Beach Park to enjoy a stroll, a jog, or a swim in the sea, and with the Fukuoka PayPay Dome (a baseball stadium) and hotels nearby, it is something of a landmark in the host city. Out to sea, you can glimpse the islands of Nokonoshima and Shikanoshima; the park area is the ideal place to get a feel for the compact city where town and nature are in harmony.

Seaside Momochi Beach Park was also used as an open water swimming venue at the 9th FINA World Championships in 2001. In the run up to the competition, the venue is dredging the seafront and preparing the high diving area—preparations are meticulous! Everything will be perfect for the athletes when they arrive.

- Events: Open Water Swimming and High Diving
- High diving tower specifications:
Men: 27 m
Women: 20 m
- Other facilities:
Massage area, changing rooms, shower rooms, hot tubs, shower rooms, break rooms, medical rooms, lounge, call room, doping controls

2.3.2 First Aid and Athletes Medical Services

The organising committee of the World Aquatics Championships – Fukuoka 2023 will organise medical care to cover any emergency issues, acute injuries and illnesses of athletes and Team AQUA that may occur during the period of the World Aquatics Events and to respond to injuries and illness that arise to any one at the competition and non-competition venues.

However it is important to remind that each accredited participant (including athletes) shall have their own personal medical and repatriation insurance.

Limits

Chronic injury and illness are not covered by the LOC Medical Services and World Aquatics is not responsible for any failure to diagnose or treat any chronic injury or illness.

Date of Operations

Athlete medical services must be provided on all days of official training and competition, beginning 30 minutes before training or competition begins.

Activities of Teams' Medical Personnel

Teams' Medical Personnel are entitled to provide medical assistance only to the members of their respective delegations.

All doctors should be reminded of the strict protocol of the Therapeutic Use Exemption (TUE) provisions to be followed in the event any athlete requires medication that falls under the World Anti-Doping Agency (WADA) Prohibited List. Under such circumstances, medical justification in full compliance with the International Standard for Therapeutic Use Exemptions will be mandatory and must be communicated to the International Testing Agency (ITA) at tue@ita.sport.

Teams' Medical Personnel should also be reminded of the strict conditions governing the intravenous route of administration of any substance for clinical purposes. Information regarding these can be found on the websites of the World Anti-Doping Agency (WADA), International Testing Agency (ITA) and Aquatics Integrity Unit (AQIU).

www.wada-ama.org

www.aquaticsintegrity.com

www.ita.sport

World Aquatics and the LOC assume no responsibility for any healthcare provided by NF healthcare personnel to NF team members and delegates.

It is recommended that NF healthcare professionals inform their insurance company that they are travelling abroad with a sports team, and check whether their professional liability insurance covers this activity. Each NF should make its own arrangements for professional liability insurance.

2.3 Venues and Facilities

Medical Services

During the World Aquatics Championships, timely medical services will be provided to participants at a designated hospital. In addition, first aid and simple treatment will be available at medical rooms (competition venues) and medical desks (training venues).

a) Access to Medical Facilities

During the World Aquatics Championships, access to the venue medical rooms will be provided exclusively to medical staff, athletes, coaches, team managers, and the members of the Team AQUA with appropriate accreditation accesses.

b) Competition/Training Venues

The hospitals in the vicinity of the competition venue will act as designated hospitals for the World Aquatics Championships. Patients who need more than first aid will be transferred to one of these hospitals for further treatment.

Competition Venue Medical Rooms

A medical room will be operated at each competition venue. Medical rooms will be equipped with pharmaceutical drugs and medical devices including first aid kits with two (2) basic instruments, oxygen inhalers, and AEDs. Medical staff such as doctors and nurses will provide appropriate medical services during the competition and training periods. In case of an emergency, patients will be transferred to designated hospitals after receiving first aid.

Training Venue Medical Desks

During the official training periods, medical desks with nurses will be operated at the training venues. In case of an emergency, patients will be transferred to a designated hospitals after receiving first aid.

c) Emergency Transport

119 Rescue Service will be provided, and designated hospitals will be arranged. While in an ambulance, nurse(s) and paramedic(s) will attend to the patient. Transportation routes from each competition/training venue to hospitals are established, along with a timely communication system between venues and designated hospitals. When a patient is being transported to a designated hospital, his/her team doctor or team official shall accompany and take care of the patient.

d) Designated Hospitals

- Kyushu University Hospital
- Fukuoka University Hospital
- National Hospital Organization Kyushu Medical Center
- Saiseikai Fukuoka General Hospital
- Japanese Red Cross Fukuoka Hospital
- Harasanshin Hospital
- Fukuoka City Hospital
- Fukuoka Dental College Hospital

2.3 Venues and Facilities

Medical Expenses, Insurance & Liability

Each accredited participant (athlete, officials, coaches, etc.) shall have their own personal medical insurance that covers health care and repatriation in Japan.

The Organising Committee has the responsibility to provide, at minimum, first aid medical care during the World Aquatics Championships.

Athletes, Technical Officials and Team AQUA Members are covered by World Aquatics Insurance. However this is a travel insurance (not a health insurance) covering emergency medical expenses in a subsidiary and complementary way. Therefore, a personal insurance is necessary.

Information about COVID-19

a) Entry Requirements

Since 29 April 2023, all border measures to prevent the spread of COVID-19 have been lifted. Those entering Japan on or after 29 April 2023, are not required to present a valid Vaccination Certificate or a Covid-19 Negative Test Certificate.

b) Measures in case of positive test

Since 8 May 2023, isolation has no longer been a legal requirement for anyone diagnosed with COVID-19 in Japan.

Nevertheless, participants who test positive during the Event are encouraged not to come to the venue to compete or work, and to wear a mask (FFP2, KN95 or equivalent) until the end of the symptoms. They must limit their social interaction with other people.

Each team shall take the necessary measures to organise the meals and accommodation of the member of their team who tested positive.

c) Do I need to tell the hotel?

YES. For protection of the staff at your hotel, you must inform the hotel when a member of your delegation has tested positive, so that procedures can be put in place that, whilst ensuring the positive participant is comfortable and safe, protects the staff from infection.

d) Medical Follow-up

You should not hesitate to contact the LOC Medical Team to get medical advice and follow-up.

Lifeguards

A minimum of two (2) lifeguards per swimming pool (competition pool or training pool).

2.3 Venues and Facilities

2.3.7 Doping Control Table

The Doping Control Table is located near the starting point of the FOP, with reserved seats for the proper staff.

2.3.8 Mixed Zone

All competitors must exit the field of play (FOP) through the Mixed Zone. The Mixed Zone is an area near the FOP that has been authorised for broadcasters or other media to conduct short interviews immediately after athletes have completed their events. The zone will be properly marked. Operations staff will manage the Mixed Zone and provide support for broadcasters and other media.

2.4 Championships Training

Training for High Diving will be organised three (3) days before the start of competition at the same venue as the competition.
Training dates: 22 July — 24 July

2.4.1 Training Venue

Seaside Momochi Beach Park - Competition Venue

2.4.2 Training Conditions

Official training sessions are open to all participants of the High Diving competition. Athletes must carry and show their accreditation card to access the venue.

2.7 Competition Procedures

2.7.6 Entry to the Field of Play

- During the competition all athletes must enter and exit the Field of Play through the designated athletes' entrance.
- The athletes and team members who are not participating in the competition must respect the space to assure that only the competing athletes are in the competition area and follow the guidelines given by the organisers and volunteers.

2.7.7 Sports Presentation

The Fukuoka 2023 OC has appointed a sport production company to conduct sport presentation for the Championships. World Aquatics staff have been fully involved in the planning and delivery of all venues pertaining to Sport Presentation.

Sport Presentation involves:

- Announcers, Commentary & MCs
- All in-venue music and production
- Material displayed on the video board
- Medal Ceremony production and delivery
- Audience interaction
- Creating an atmosphere that builds the excitement for the spectators, as well as creating an environment that allows athletes to perform at their best.
- Keeping the competition on time and allow the sports to flow best for TV coverage.

2.7.8 Timing and Scoring and Results

World Aquatics Partner Omega will provide all timing, scoring and results services for the World Aquatics Championships.

2.8 Post- Competition Procedures

2.8.1 World Aquatics Bibs

Every competitor participating in semi-finals and finals will be provided with a World Aquatics bib. The bib is to be worn on the chest over their tracksuit, just below the tracksuit logos. As per World Aquatics Competition Regulations, I. 8. 9., the bibs must be fully visible during athletes introduction and Medal ceremonies. Bibs will be distributed to the competitors when they report to the Call Room before the start of each semi-final or final, and in the assembly area before medal ceremonies.

2.8.2 Medal Ceremonies

The Medal Ceremonies will be held at the competition venue. Following the presentation of medals, the national anthem of the gold medalist will be played and the national flags of the medalists will be displayed. Upon completion of the anthem, athletes will participate in a parade around the Field of Play, where applicable. All finalists shall wear the World Aquatics bib, as provided by World Aquatics, on top of their National Federation uniform during the Medal Ceremony and lap until they leave the field of play arena. Athletes will be briefed about ceremony procedures in the assembly area. Athletes are reminded to attend all Medal Ceremonies in their official National Federation tracksuit with appropriate footwear. Not coming prepared with this full uniform will create delays in the TV coverage. Items such as flags, caps, mobile phones or any other symbols in addition to national kit and World Aquatics bibs are not allowed on the podium.

2.8.3 Press Conference

- No medalist press conference is scheduled for World Aquatics Championships - Fukuoka 2023.

4.1 Fukuoka Ichiba

During World Aquatics Championships- Fukuoka 2023, Fukuoka Ichiba will operate close to Marine Messe Fukuoka Halls A and B, the venues for the Swimming, Artistic Swimming, and Water Polo disciplines.

Fukuoka Ichiba will offer those involved in the Championships, spectators, and local residents a variety of stage performances, food and drink that show off the charms of the Kyushu region, and sales and exhibition spaces, among other things.

The following are expected:

- Welcoming decorations that fuse technology with a Japanese aesthetic
- Public viewing via an on-stage video board and on-stage events
- Food and drink booths from well-known Kyushu restaurants, a Japanese festival experience, and a market centred on the UN's Sustainable Development Goals (SDGs)
- Sales booths with official Championships merchandise (mascot toys and other items)
- Exhibition booths from Championships sponsors, the host city, etc.

The event website will be regularly updated with more details about opening hours and detailed program schedules.

Fukuoka Ichiba is scheduled to be opened from the 14th of July to the 30th of July.

4.2 Fukuoka City, Japan

● JAPAN

The Japanese archipelago stretches from north to south, east to west, and is home to a remarkable variety of regional cultures, natural splendors, and man-made wonders both old and new. It is a place where you can keenly and profoundly feel the passage of time—both through the ages from the past to the present, and in the moment, with each of its four distinct seasons bringing with it new sights to behold, delicacies to savor, and activities to enjoy. We hope your stay will be filled with joy, excitement and inspiration.

● FUKUOKA CITY

Fukuoka is an energetic city that bustles with activity as the political, economic and youth fashion center of Kyushu. As a gateway to Asia, Fukuoka boasts many international flights and excellent accessibility. Fukuoka is also known as one of the best gourmet cities in Japan, with a wide variety of food stalls and Japanese-style pubs that you can enjoy with friends and family. Within walking distance of Marine Messe, the venue for the World Swimming Championships, is Hakata Old Town, which features a cluster of temples and shrines. Here you can experience Zen meditation and other aspects of traditional Japanese culture.
