

World Aquatics Scholarships Programme

2024-2025

About the Programme

The World Aquatics Scholarships Programme was launched in 2014 with the purpose of providing financial and technical assistance to athletes with internationally recognised sporting achievements, but without favourable or sufficient conditions to train locally.

World Aquatics is proud to allocate significant resources to the 2024-2025 World Aquatics Scholarship Programme, recognising its pivotal role in nurturing the development of the World Aquatics Members and their talented athletes.

The programme targets 100 Swimmers, 20 Open Water Swimmers, 20 Divers, 10 Artistic Swimming Duets. Quotas per continent and gender equality will be considered.

Each World Aquatics Member can apply with one (1) athlete per discipline.

The athletes will be placed at the **World Aquatics Training Centres** for a duration of one or two years (except for the Artistic Swimming Duets).

Priority for the allocation of the scholarships will be given to the candidates with greater needs and to whom the scholarship will create an opportunity to reach their full potential.

Deadline for application: 30 April, 2024
