PRESIDENT'S MESSAGE
World Aquatics Championships – Singapore 2025

I am delighted to welcome you to Singapore for the 22nd edition of the World Aquatics Championships.

Renowned for its vibrant beauty and deep connection to water, Singapore provides an ideal setting for aquatic sports, with pristine seas, sandy beaches, and world-class facilities.

The world's finest swimmers, divers, water polo players, artistic swimmers, open water swimmers, and high divers will converge here, setting the stage for extraordinary performances and historic achievements.

Singapore's passion for elite aquatics was on full display as recently as last year during the 2024 World Aquatics Swimming World Cup final. With close cooperation between the Singapore Swimming Association and Sport Singapore, we are set to deliver one of the all-time great World Aquatics Championships.

With a distinguished history of hosting 27 successful World Aquatics events in swimming, diving, water polo, artistic swimming, and open water swimming, Singapore has proven itself an exceptional host.

Following the captivating World Aquatics Championships in Doha and the Paris Olympic Games, interest and performance levels in aquatic sports have reached unprecedented heights. I am confident that passionate crowds will gather to cheer on more than 2,500 world-class athletes from over 200 countries competing across six sports in Singapore.

I want to sincerely thank our partners, staff, officials, and volunteers for their hard work and dedication in making this event possible. I have no doubt these World Aquatics Championships will be remembered for many years.

I invite you to join me in celebrating the incredible athletic performances and to take time to enjoy Singapore's vibrant culture and renowned hospitality.

To the athletes, we extend our best wishes for success in your competitions. Rest assured, we will be cheering you on from the stands and striving to provide the world-class conditions your dedication and talent deserve.

WELCOME MESSAGE
World Aquatics Championships – Singapore 2025

Welcome to Singapore for the World Aquatics Championships 2025! As the first Southeast Asian nation to host this prestigious event, we are honoured to provide a stage for the world's best aquatic talents. Hosting this competition is especially significant as it coincides with Singapore's SG60 celebrations— marking 60 years of our maritime nation's independence.

So, this is more than just a sporting event; it is also a national celebration, and we invite you to join in the festivities happening alongside the competition. Following the elite Championships, the excitement continues as we expect to welcome about 7,000 competitors aged 25 and above for the World Aquatics Masters Championships.

Beyond the competitive action in the venues, athletes and visitors to the Championships can look forward to an exciting line-up of activities for all ages. From mobile roadshows and sport try-outs to sustainability initiatives, there is something for everyone to enjoy and be part of this extraordinary occasion.

Whether you are a competing athlete or an enthusiastic fan, we are committed to delivering an enjoyable experience. We hope that the energy, passion and spirit of the competition will create lasting memories for all.

Our team has been working hard behind the scenes with our partners, and we are excited to welcome all of you. To all athletes, we wish you all the very best in your competitions and a memorable stay in Singapore.

Mr. Alan Goh

Mr. Mark Chay

Co-Chairs of the World Aquatics Championships – Singapore 2025 Organising Committee

2. VENUE FACILITIES AND SERVICES

Athletes Preparation Area

Available for athletes and team officials at the competition site.

Athletes Changing Rooms

Changing rooms and showers are available for athletes and team officials at the competition venue.

Athletes and Team Officials Lounge

A lounge is located near the athletes' entrance and is available for athletes, coaches, and Team Officials. The lounge is open during all training and competition sessions and has refreshments available. All venue areas are provided with free to access WIFI.

Athletes and Team Officials Seating

At the competition venue seating in the stands will be available for athletes and accredited team officials.

Information Desk

Information Desk will operate during the competition days, as well as training sessions. The Information Desk will provide information on the competitions staged at the venue and will be in operation from the first day of training.

The following information is available.

- Sport-specific information for the competition held at the venue.
- Official communication with teams
- Liaison among teams, competition management and the World Aquatics Technical Committee
- Confirmation of times for training sessions
- Other miscellaneous enquiries
- Weather & Tides Reports

Access to the Information Desk will be given to accredited Team Officials only to ensure that information is communicated efficiently and effectively to all National Federations. Information on the Championships can also be obtained from the World Aquatics Events Insider app.

Please make sure to download the app and follow the dedicated channel.

Lost & Found

All reports of lost items should be directed to the Information Desk. This is also the location to which all found items should be delivered.

Medical Stations

During the World Aquatics Championships, first aid and medical treatment will be available at designated medical stations at the competition and training venues. Patients who need more than first aid will be transferred to one of the designated hospitals for further treatment.

Mixed Zone

Mixed Zones are restricted areas at competition venues where athletes are required to pass. They provide the print and broadcast media with the opportunity to meet athletes for quick and informal interviews on their (or their team's) performance. Athletes are not obliged to stop and talk to the media; however, they should be aware that there are few opportunities for the media to meet athletes, except in the Mixed Zones or at Press Conferences.

All competitors must exit the field of play (FOP) through the Mixed Zone. There will be two Mixed Zones: the Prime and the Secondary. Media Services staff will manage the Mixed Zone operations, providing support for broadcasters and other media.

Doping Control Notification Table

The Doping Control Notification Table will be located at the end of the Prime Mixed Zone at the pool deck and the athletes should collect their accreditations from that area.

Ice Baths

A limited space for ice baths will be available at Open Water Swimming venue in Sentosa, close to the Team Preparation Area. The space for the ice bath will be allocated upon request from each Member Federation.

Each Member Federation needing a space for their ice bath, should send a request via email to ignasi.vendrell@worldaquatics.com by 1 July 2025.

2. COMPETITION INFORMATION

A team of 30 technical officials will be at the forefront of the competition of seven different events: Men's and Women's 5 km, 10 km, 3km Knockout Sprint as well as the Mixed 4x1500m team relay event.

The competition will be held in the waters of the Palawan Beach at Sentosa, in a perfectly marked 1666 m circuit. Athletes will have to swim three laps in the 5km event, six laps in the 10 km event. In the Mixed 4x1500m Team Relay, 4 swimmers (2 men & 2 women) will swim one lap of 1500m each. The swimmers may swim in any order and each only swim one lap. In the 3km Knockout Sprint three courses will be set up for the different rounds (Heats of 1500m, Semifinal of 1000m and the Final of 500m).

Medal ceremonies will be held for all events following the finals.

Competition Rules and Regulations

Open Water Swimming competitions at the World Aquatics Championships will be held in accordance with [World Aquatics Competition Regulations](#). There is a maximum of two (2) entries per National Federation per event.

Appeals

Appeal Procedure

An appeal must be submitted on the official World Aquatics appeal form, which can be found on the World Aquatics website and in venue.

- The Appeal Form must be submitted in accordance with the following timelines:
 - Open Water Swimming: within thirty (30) minutes of the respective race's completion.
- The following can be appealed in Open Water Swimming:
 - Any decision, or lack thereof, of a referee that affects the outcome of the results (including, but not limited to, an Athlete's receipt of a yellow card or a disqualification).

The appeal must be submitted to the designated World Aquatics representative, who shall be identified at the beginning of the applicable competition. The appeal shall only be considered complete if it is accompanied by a deposit of five hundred (500) United States dollars (or an equivalent amount in the applicable local currency).

The World Aquatics Representative will present the appeal to the Chair of the Jury of Appeal, who will review the appeal and determine its validity. The Chair shall determine the validity as soon as reasonably possible following the appeal's submission.

If the Chair deems the appeal to be invalid, pursuant to the criteria in World Aquatics Competition Regulations, Part One - Section 14, the deposit shall be forfeited. If the appeal is deemed to be valid, the Chair shall initiate a review by the Jury of Appeal which shall render a final decision on the appeal as soon as reasonably practical. The Chair's decision regarding validity is final.

The Jury of Appeal may consult video footage, documents and witnesses when making its decision, and may additionally choose to consult any other potentially impacted party, in person or in writing.

Decisions of referees shall be afforded a significant degree of deference. The Jury of Appeal shall not substitute its view of the appealed matter for that of the referee unless the appellant presents clear evidence that the referee's decision was made arbitrarily, irrationally, or in abuse of the discretion afforded to the referee.

If the Jury rules in favour of the appealing party, the deposit shall be returned to the appealing party, and the ensuing course of action shall be decided on a case-by-case basis.

If the Jury rules against the appealing party, the deposit shall be forfeited.

The decision of the Jury is final.

All appeals at the World Aquatics Championships shall follow the [World Aquatics Competition Regulations](#), Part One – Section 13 and 14.

Guidelines for Feeding

Feeding Platform

One feeding platform will be used in Singapore's course perpendicular to the START line. The platform has an actual length of 70m. Competition Judges & Starter along with two (2) Lifeguards will also be located at the platform.

Access to Feeding Platform

Access to the platform will be granted only to registered feeders (through a feeder's card/accreditation), following the Teams Leaders' Meeting and during the registration prior to the race. A feeders' form needs to be filled and given to the Technical Delegate at the Team Leaders Meeting.

Feeding Poles

Feeding poles should follow the below specifications:

- Feeding Poles should not exceed 5m in length when extended.
- Feeding Poles must be checked to avoid any kind of damage in case of contact.
- No objects should be hanged from the feeding poles, besides the national flags.
- National flags to be attached to the feeding pole, should not exceed the size of 30x20cm and may only consist of fabric.
- Feeding poles will be inspected on the day of the competition at handler accreditation check-in.
- Feeder passes will be handled to each registered feeder in order to access the feeding platform.

Coolers

All accredited coaches can bring their food and drink supplements (in perfect condition) in coolers (50lit) onto the feeding platform, to provide nourishment for the competing swimmers and themselves.

Safety and Security Regulations

To ensure the smooth running of the competition, LOC has established a Race Control Center, located at the competition venue. Race Control Center will coordinate all in land & race operations, including lifeguards, medical & rescue. During the competition, non-accredited boats are not allowed to enter the Field of Play.

Specific information about the Safety Plan and Evacuation Plan will be provided at the Team Leaders' Meeting.

Weather and Water Conditions

Weather conditions

During the training and competition days a weather forecast will be released in order to inform all of the participants.

Water Temperature & Quality

Water Analysis results will include information such as microbiology analysis, temperature, salinity, water clarity, tides time and currents flow.

To ensure the correct water temperature the same measurements will be taken on a daily basis during the training days in the competition area, and as established by World Aquatics regulations measurements will be taken during competition days, two hours before the start. These measurements will be carried out by the designation of an established committee appointed during the Team Leaders' Meeting, which will include the following persons: a Referee, a member of the Organising Committee and a designated trainer at the Team Leaders' Meeting. Additional measurements will be taken at 60-minute intervals during the competition by the Safety Officer.

Competition Procedures

Team arrival at the venue

Teams will be dropped off near the dedicated Athletes' Entrance. Athletes and team officials must wear their accreditation card in order to access the competition venue. Without accreditation card, access will not be granted. Please ensure that accreditation cards are worn at all times.

Accreditations

All athletes must present their accreditation card when reporting to the Call Room prior to their event. A World Aquatics Technical Official will verify the athletes' identity and collect their accreditation cards. Athletes need to bring their accreditation cards to the Final Call Room and will be escorted to the Field of Play by a World Aquatics Technical Official for their event. On signal from Sports Presentation, the Field of Play Supervisor will cue the athletes on the Field of Play. Their accreditation cards will be taken to the Doping Control Table on the Field of Play. On exiting the Field of Play after their event, athletes are to pick up their accreditation cards from the Doping Control Table.

Identification

All competitors are required to participate in the athletes' parade and introduction prior to the competition. Competitors will be escorted from the Final Call Room to the Field of Play where they will be introduced by name and nations. Detailed instructions of the Sport Presentation procedures will be provided at the Team Leaders' Meeting.

Field of Play Protocol and Access Control

Clean Field Of Play policy will be implemented during the competition. For this reason, only the staff and officials integral to the operation of the event will be permitted on or around the Field of Play. Similarly, no personal or non-essential equipment will be permitted on the Field of Play during the competition.

All athletes and team officials are asked to respect the need for a clear deck policy during the competition by ensuring only competing athletes are on the Field of Play. Access to the Field of Play will be strictly limited to persons with the correct accreditation, hence the athletes and the team officials are required to wear their accreditation card at all times where appropriate.

Warm-Up

A warm-up area will be provided at the competition venue. The area can be used from 2 hours before the event, until 45min prior to the start of the race.

Call Room

Athletes will be called to the Call Room before the competition, at a time determined by the competition rules, to listen to the last briefing conducted by the Chief Referee. Prior to athlete introductions, accreditations will be handed over to the Clerk of Course. Relevant athletes must wait in the Call Room after the conclusion of their race and before medal ceremonies.

Entry to the Field of Play

During the competition all athletes must enter and exit the Field of Play through the designated athletes' entrance.

The athletes and team members who are not participating in the competition must respect the space to assure that only the competing athletes are in the competition area and follow the guidelines given by the organisers and volunteers.

The country code shall be a minimum of 8cm in height. Caps meeting the specifications of I.8.5 are not acceptable except for one (1) manufacturer's logo of a maximum size of 20cm² on the front.

Athlete's name of a maximum size of 20cm²: The competitor's name shall be printed under the country name (three letter code). Displaying the competitor's name is not compulsory.

E. GENERAL INFORMATION

1. PRESENTATION, CEREMONIES AND CONFERENCES

Sports Presentation

The Singapore 2025 Organising Committee and its appointed Sport Presentation supplier, in co-operation with World Aquatics, have been fully involved in the planning and delivery of all venues pertaining to Sport Presentation and Ceremonies.

Timing, Scoring and Results

World Aquatics Partner Omega will provide all timing, scoring and result services for the Championships. This will also include all digital Championships outputs, which will be distributed to teams via the World Aquatics Events Insider app.

World Aquatics Bibs

Every competitor participating in Semi-Finals and Finals will be provided with a World Aquatics bib. The bib is to be worn on the chest over their tracksuit, just below the tracksuit logos. As per World Aquatics Competition Regulations, Part One, Article 8.9, the bibs must be fully visible during athlete introductions and Medal Ceremonies.

Bibs will be distributed to the competitors when they report to the Call Room before the start of each Semi-Final or Final, and in the assembly area before Medal Ceremonies.

Medal Ceremonies

The Medal Ceremonies will be held at the competition venue's Medal Ceremonies stage to honour and celebrate their achievement. Following the presentation of medals, the national anthem of the gold medallist will be played, and the national flags of the medallists displayed. Upon completion of the anthem, athletes will celebrate their proud moment around the Field of Play, where applicable.

All finalists must wear the World Aquatics bib, as provided by World Aquatics, on top of their National Federation uniform during the Medal Ceremony and lap of honour, where applicable, until they leave the Field of Play arena.

Athletes will be briefed about ceremony procedures in the assembly area. Athletes are reminded to attend all Medal Ceremonies in their official National Federation tracksuit with appropriate footwear. Non-compliance with any of the above instructions may result in delays in the TV coverage.

Items such as flags, caps, mobile phones, or any other symbols are not allowed on the podium.

Press Conference

People (athletes, coaches, team leaders, etc.) who need to attend a press conference will be advised when to report for the conference so please make sure to attend. Non-English-speaking athletes must be accompanied by interpreters as press conferences will be conducted in English.

Athletes' Photo Shooting

All athletes are requested to attend the designated photo and video booths located at the team hotels and/or competition venues to capture portrait photos and short videos. These assets will be used for in-venue presentations, TV graphics, social media, and other promotional outputs.

We strongly encourage all athletes to participate in this activity, as it will enhance visibility and exposure for the athletes themselves, their national teams, and their sponsors. Athletes must wear their official national team uniforms during the shoot.

It is essential that athletes complete the photo/video session **before the start of the competitions**. Detailed information regarding the booth schedules and locations will be communicated closer to the event.

A similar space will be set up in the athletes' lounges for all World Championships medallists who would like to take photo portraits with their medal/s. All content will be made available to the athletes and the National Federations immediately after the shooting.

2. TRANSPORTATION SERVICES

Official port of entry: Changi International Airport (SIN) Terminal 1, 2, 3 and 4

The Singapore 2025 Organising Committee will provide ground airport transfers from/to Changi International Airport (SIN) for all participants registered for the World Aquatics Championships and are residing at official hotels, based on the latest flight details updated in the GMS.

Failure to do so may result in no transportation being arranged by the Organising Committee and may be the responsibility of the World Aquatics Member.

During the Championships, shuttle bus service will be provided from all official hotels to/from the venue, based on a pre-determined schedule. Further details regarding this matter will be provided in the Singapore 2025 Transportation Guide.

If participants are not staying in any of the official hotels or do not require ground airport transfer, participants may indicate in the GMS **“I have made my own travel arrangements.”**

Arrival Procedures

Singapore 2025 Organising Committee will be providing airport transfers from Changi Airport to official hotels for arriving participants. Please ensure that arrival flight information is updated correctly and promptly in the GMS.

For Crowne Plaza Changi Hotel, teams arriving at Terminals 1,2, and 3 will be escorted to the hotel on foot, while teams arriving at terminal 4 will board an airport transfer to the hotel.

Singapore 2025 personnel will be deployed for Meet and Greet carrying the Official Singapore 2025 Welcome Sign. They will guide you and your team to the respective ground transport.

Transport will arrive at Changi Airport +15 mins after the scheduled flight arrival times. If participants require more time to clear immigration or there is last minute change in flight details (which are not updated in GMS), please contact the Singapore 2025 transport team. Please see below for the email and phone contact for the Transport team.

Daily Transport

For teams, daily shuttle service (every 20 mins/30 mins interval) will run from hotel to training/competition venue at least 2 hours before the first training slot/competition event and end 1 hour after the last training slot/competition event end time.

If participants have missed the arranged transport, please approach the Singapore 2025 Transport Team for further assistance.

Departure Procedures

Singapore 2025 Organising Committee will be providing departure airport transfers from official hotels to Changi Airport for departing participants up to 3 days after the event (6th Aug 2025). Please ensure that departure flight information is updated correctly and promptly in the GMS.

As a default, Departure Transport will report 3 hours before departure flight time at the official hotel/venue for pickup. If individual/NF requires a different pickup time/venue, please indicate in the GMS - Departure Comment prior to arrival or inform Singapore 2025 Transport Team during your stay.

Please confirm departure pickup details with any transport/hospitality desk 3 days before departure. If departure details are not confirmed, it will be based on GMS as a default.

Pick-up details will be available at all transport/hospitality desks 1 day prior to departure day.

Transport Assistance

A Singapore 2025 Transport Office will be available at Changi International Airport–Crowne Plaza Changi Airport Hotel (Terminal 3). Transport/hospitality desks will also be available at all official hotels and competition venues, offering assistance on transportation-related matters.

Participants may email transportation@worldaquatics-singapore2025.com for pre-booking of transport (subject to availability) and request for additional information on transportation in Singapore during the Championships.

Info/Help Desk at the Team Hotels (Operation Hours: 07:00 to 22:00)

For the participating NFs with any last-minute changes or issues, they can approach the Info/Help Desk for Accommodation and Transportation assistance, located at each of the Team Hotel.

3. CUSTOMS & FREIGHT FORWARDING

3.1 Customs & Freight Forwarding Manual

[The Customs and Freight Forwarding manual \(Updated in March 2025\)](#) is available on the official World Aquatics website and designed to guide stakeholders in importing and exporting goods for the World Aquatics Championships – Singapore 2025 (WCH2025) and World Aquatics Masters Championships – Singapore 2025 (WMCH2025). This information is intended to provide only general guidance and should in no way be considered legally binding.

The guide also includes detailed information on the freight procedures and shipping instructions.

3.2 Media and Wireless Communication Equipment

All imported telecommunication equipment should be declared through TradeNet to the Info-communications Media Development Authority (IMDA) for processing. A customs permit must be obtained through TradeNet before the goods arrive in Singapore. All dealers or importers are requested to comply with the procedures.

For further information regarding the importation of such equipment, please refer to Section 1.9: Media and Wireless Communication Equipment in the manual.

4. FIRST AID AND MEDICAL SERVICES

In the event of a Medical Emergency, please call “**995**” for Emergency Medical Service in Singapore.

For non-emergency, please call “+65 6445 7300” for Medical Transport operated by appointed Medical Service Provider.

Medical Expenses, Insurance & Liability

Health Insurance

Medical expenses in Singapore can be quite high, so it is **mandatory for each accredited participant to have personal medical insurance** that covers both healthcare and repatriation within Singapore.

World Aquatics' Travel and Accident insurance during events provides only "umbrella" coverage, meaning it is not a health insurance policy. It is designed to complement the participant's personal health insurance if needed.

The World Aquatics insurance should never be relied upon as sufficient coverage on its own.

In fact, if a participant does not have their own coverage, the World Aquatics insurance has a cap, and in cases like expensive repatriation, it would not cover the full costs.

The Medical Service Provider is entitled to request compensation for healthcare services not included in onsite and hotel care, which the user shall pay in cash or by credit card at the location when the service is utilized.

World Aquatic Travel & Accident Insurance

All duly registered and approved attendees will be covered by the World Aquatics Travel & Accident Insurance during their trip to/from Singapore. Such insurance will be effective starting from the time of check-in for the first flight and ending at the moment of return to the country of residence.

In addition, World Aquatics insurance will cover changes, cancellations and re-booking fees of any flight tickets related with the postponement or modification of the return trip. This does not apply to personal changes.

We remind all Federations that World Aquatics' participants travel and accident insurance during events is only an "umbrella" coverage. It serves as a supplementary coverage to the participant's own health insurance in case it is insufficient. The World Aquatics insurance should never be considered as sufficient cover on its own.

Team Doctors

Team doctors must register in advance with the Singapore 2025 Organising Committee to provide medical services to the members of their delegation during the World Aquatics Championships.

World Aquatics and the Singapore 2025 Organising Committee assume no responsibility for any healthcare provided by NF healthcare personnel to NF team members and delegates.

It is recommended that NF healthcare professionals inform their insurance company that they are traveling abroad with a sport's team, and check whether their professional liability insurance covers this activity. Each NF should make its own arrangements for professional liability insurance.

Lifeguards

Lifeguards are Singapore Lifesaving Society (SLSS) Certified and undergoing regular training. A minimum of two (2) lifeguards per swimming pool (competition pool or training pool) are required for the duration of the training and competition.

Other Services

Ice will be available for teams.

4.3 Importation of Medications and Medical Equipment

The import and supply of medications and medical equipment into Singapore are controlled under existing Singapore's legislation.

Medicines and medical equipment may only be brought into Singapore through official authorized or licensed persons under the existing legislation. For the purpose of World Aquatics Championships 2025, delegations that require certain medicines or medical devices for the treatment of members of respective team shall be required to apply for an authorization letter from Health Science Authority of Singapore.

Medicine and medical equipment carried in by members of the national federation via third party freight agents shall apply for an authorization letter from Health Science Authority of Singapore. The unused medicine and medical equipment shall be re-exported after the competition. Upon approval and issuance of the authorization letter, please provide a copy to the third-party freight agent.

National federations must carry relevant prescriptions for their own medications. The purpose of these medications is for the treatment of team members and must not be supplied/ sell to anyone outside of the team. National federation remain responsible for the storage and stock of medications they bring to Singapore for the entire duration of their stay. Medications must be kept in their original packaging until used and must be clearly labelled.

You may need to apply for an approval to bring in medications for yourself or family members' use. You are not allowed to buy, import or carry personal medications for another person except for family members that the products were initially intended for. Those caught doing so can be prosecuted under Singapore law.

Please find more information on the Health Sciences Authority (HSA) of Singapore: <https://www.hsa.gov.sg/personal-medication>

Medications

You may bring in common medications such as those for treatment of diabetes, high cholesterol, high blood pressure and contraception, if the quantity is not more than 3 months' supply. You are required to have the necessary supporting documents such as a letter from the doctor, or a copy of the medical prescription, as proof that the medicine is for your personal use.

- ▶ **Please note that medication to treat ADHD (Attention Deficit Hyperactivity Disorder) requires approval.**

You will need to submit an application for approval if you need to bring in more than 3 months' supply of any medications, or if you bring in the following medications –

Medications	Situations that require approval
Codeine or dextromethorphan	<p>For tablets or capsules:</p> <ul style="list-style-type: none"> • More than 20 tablets or capsules. • Codeine or dextromethorphan content in each tablet or capsule is more than 30mg. <p>For oral liquid preparation:</p> <ul style="list-style-type: none"> • More than 240ml of the oral liquid preparation. • Codeine or dextromethorphan content in each 5ml of the preparation is more than 15mg.

Controlled drugs	<p>Medications that contain controlled drugs require an approval from us. Examples of controlled drugs include, but are not limited to:</p> <ul style="list-style-type: none"> • Morphine • Fentanyl • Oxycodone • Buprenorphine
Ephedrine/ Pseudoephedrine	Medications that contain total ephedrine or pseudoephedrine content of more than 21.6g.
Psychotropic substances	<p>Medications that contain psychotropic substances require an approval from us. Examples of psychotropic substances include, but are not limited to:</p> <ul style="list-style-type: none"> • Diazepam • Midazolam • Zolpidem

To check the active ingredients in your medications to find out whether you need to apply for approval, you can refer to <https://www.hsa.gov.sg/personal-medication/check-requirements>.

If any of your medications contains ingredients classified as controlled substances in Singapore, you would need to apply for approval from Health Science Authority of Singapore to bring this medication to Singapore.

To submit your application, please refer to [Application for Approval to Bring in Personal Medications for Travellers | FormSG](#)

You are not allowed to bring in personal medications that contain prohibited substances. Prohibited substances such as chewing gums, cannabis and product containing cannabis extracts are not allowed to be brought into Singapore.

For more details, please refer to <https://www.hsa.gov.sg/personal-medication/overview>.

For list of drugs and inhalants controlled under the Misuse of Drugs Act and Intoxicating Substances Act, please refer to [Central Narcotics Bureau of Singapore | Drugs and Inhalants](#)

Chewing gums

All chewing gums, including those for medical or dental purposes, purchased overseas are not allowed to be brought into Singapore even if they have been prescribed by your doctor or dentist, or are identical to brands or strength available in Singapore. If you require nicotine chewing gums, you may buy it from pharmacies in Singapore.

Medical devices

Please refer to the HSA [guide](#) for information on bringing personal medical devices into Singapore.

Prohibited substances and illegal health products

You are not allowed to bring in personal medications that contain prohibited substances. Please check [Illegal Health Products Database](#) to search identified prohibited products to bring into Singapore.

Yellow Fever Requirements

All Travellers, including Singapore residents, with recent travel to countries with risk of yellow fever transmission (regardless of area, city or region) in the past six days prior to arrival in Singapore must produce a valid yellow fever vaccination certificate to the ICA officer upon arrival in Singapore.

This requirement also applies to travellers who spent more than 12 hours in airport transit in these countries with risk of yellow fever transmission. For more information on yellow fever requirement, refer to Yellow Fever Vaccination Certificate.

More information on: [ICA | Yellow Fever Vaccination Certificate](#)

5. DOPING CONTROL

General Information

Urine and blood samples will be collected during the World Aquatics Championships for the purpose of doping controls. The doping controls will be done in accordance with the World Aquatics Doping Control Rules and the World Anti-Doping International Standards which can be consulted [here](#). The operations will be supervised and coordinated by the International Testing Agency (ITA).

The list of prohibited substances can be consulted [here](#). As a reminder, all athletes are strictly responsible for any prohibited substance found in their sample and it is particularly important for them to check any medication they take against the prohibited list and understand that in case they need to take a prohibited substance for medical reasons, a Therapeutic Use Exemption (TUE) must be obtained beforehand by contacting the International Testing Agency (ITA) at tue@ita.sport.

Teams' Medical Personnel should also be reminded of the strict conditions governing the intravenous route of administration of any substance for clinical purposes. Information regarding these can be found on the websites of the World Anti-Doping Agency (WADA), International Testing Agency (ITA) and Aquatics Integrity Unit (AQIU). www.wada-ama.org ; www.aquaticshintegrity.com ; www.ita.sport.

Mandatory Anti-Doping education course prior to participation

As per the World Aquatics Doping Control Rules, any athlete participating in the World Aquatics Championships must, prior to participation, have successfully completed the [eLearning Anti-Doping Education course "International-Level Athletes Education Program"](#) or an eLearning course developed and approved by their respective National Anti-Doping Organization that covers the same topics. Any athlete who has not met this requirement will not be eligible to compete and thus will not have their accreditation activated.

Please follow these instructions in order to complete the course:

Step 1:

Access the eLearning course webpage [here](#).

Step 2:

Click on “Register here” and follow the steps to register an account.

Step 3:

Sign in to the new account just created.

Step 4:

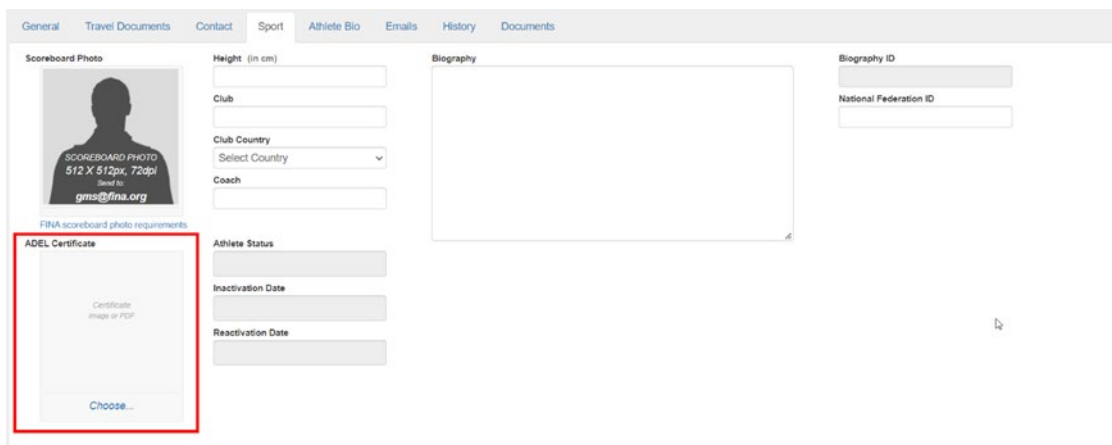

Select the course “**International-Level Athletes Education Program**” and complete the course to obtain at least 80% at the final exam at the end of the course. You can do the course again if you do not achieve 80% the first time. The course is available in 9 different languages.

Step 5:

Once the course has been successfully completed, download the certificate of completion, and send it to your World Aquatics Member.

Step 6:

The World Aquatics Member must upload the certificate of completion of each athlete on their respective GMS profile here (in the Sport tab).

The screenshot shows the 'Sport' tab of a GMS profile. The 'ADEL Certificate' field is highlighted with a red box. The field contains a placeholder image of a certificate and a 'Choose...' button. Other fields include 'Scoreboard Photo', 'Height (in cm)', 'Club', 'Club Country', 'Coach', 'Biography', 'Biography ID', 'National Federation ID', 'Athlete Status', 'Inactivation Date', and 'Reactivation Date'.

Note: In order to avoid any issues, Members should not wait until their teams are finalised to inform their athletes about this requirement. Rather, they should ask all athletes who could potentially participate in the event to complete the course immediately.

Athletes who have already completed the course for previous World Aquatics events and who have uploaded their certificates of completion to their GMS profile do not need to follow the course again.

For any questions regarding this requirement, please contact info@aquaticsintegrity.com.

6. SAFEGUARDING MEASURES

World Aquatics and the Aquatics Integrity Unit are taking safeguarding actions prior to and during the World Aquatics Championships – Singapore 2025 to ensure (i) the safety of all participants, (ii) a safe and abuse-free environment throughout the event, and (iii) the enforcement of the [World Aquatics Rules on the Prevention from Harassment and Abuse](#).

What is a Safeguarding concern?

Anything that causes a person to be concerned for their own safety or that of another person, or that makes them feel uncomfortable is potentially a safeguarding concern.

Who will handle safeguarding concerns during the event?

The Aquatics Integrity Unit will handle safeguarding concerns during the event. The Aquatics Integrity Unit will be available to the Team Leaders to provide support, guidance and advice if a safeguarding concern arises.

What is my role in Safeguarding as a Team Leader?

As the Team Leader you are responsible for reporting concerns and providing support, advice and guidance to all team members.

Your tasks are:

- Know your team and make sure they know who you are and your contact details.
- Know the contact details of the Aquatics Integrity Unit
- Make sure your team members understand the [World Aquatics Rules on the Prevention from Harassment and Abuse](#), your safeguarding responsibilities and the support you can provide to them.
- If a Safeguarding concern is reported to you:
 - Listen to their concerns
 - Stay calm
 - Be empathetic
 - Write down the information and facts they share with you
 - Report the concern to the Aquatics Integrity Unit

How should I report a Safeguarding concern?

Safeguarding concerns can be reported to the Aquatics Integrity Unit by phone or email.

Phone: +41 21 552 75 01

Email: report@aquaticsintegrity.com

Any safeguarding concern requiring urgent police intervention should be reported immediately by dialing 999 on your phone.

7. ACCREDITATION

Accreditation Cards

Participating World Aquatics Members must comply with the quotas, as in principle, World Aquatics will not allow any extra officials. Only exceptional and motivated requests for additional officials will be considered and reviewed by World Aquatics for approval. In this case, a fee of one hundred-fifty (150) USD will be charged for each additional accreditation duly approved. Payment will only be possible by bank transfer or in cash.

Only persons aged of 18 or older as of the first day of the World Aquatics Championships are allowed to be accredited as Team official. Concerning World Aquatics Member Representatives, the President, and the General Secretary, officially recognized by World Aquatics, will be entitled to free accreditation (this cannot be transferred to any other person). Any other individual registered under the World Aquatics Member Representative category will be charged a fee of one hundred-fifty (150) USD for their accreditation.

All National Federations participating in World Aquatics Championships – Singapore 2025 must complete the accreditation process in order to obtain the accreditation cards for their members. An accreditation card contains all the information necessary to identify its owner, his/ her role at the event, and his/ her access rights to the competition venues and restricted areas inside them, as well as his/her rights to use transport services at the Championships. The card is personal and non-transferable. It must be presented at all times while in a zone requiring an accreditation card and is valid only in zones specified on the card.

World Aquatics has final approval for all Team Official and Member Representative Accreditation requests that have been registered through the World Aquatics GMS by the registration deadline of 17 June 2025. Quotas are not transferable from one discipline to another, or from one category to another. The following access privileges will be given to the persons depending on their function:

Important Note:

Access privileges and zone allocations listed above are subject to change based on the final venue setup, operational requirements, and other needs specific to the World Aquatics Championships. Adjustments may be made at the discretion of World Aquatics or the Organising Committee to ensure smooth event operations. Participants will be informed of any changes in advance whenever possible.

VENUE ACCESS

Athletes will have access to all training venues and the competition venues where they are competing. For all other competition venues, Athletes will be granted access to the Team seating area only.

Team Officials and World Aquatics Member Representatives will have access to all competition and training venues.

Important note: Each person must be registered under the function and role she/he will be fulfilling during the World Aquatics World Championships. If an individual will perform multiple functions (e.g. Coach in Swimming and Team Leader in Open Water Swimming), please select the most senior position as only one function can be selected during registration.

(e.g. 2: If a Member representative Board Member is also the coach of the team, this person should be registered as a “Team Official” and “Coach” in order to have the correct access to fulfill her/his duties at the event.)

The World Aquatics Member is entirely responsible for registering the participants with their correct functions and roles, so that the correct accreditations will be issued. No accreditations will be changed or re-printed during the event.

Accreditation Centre

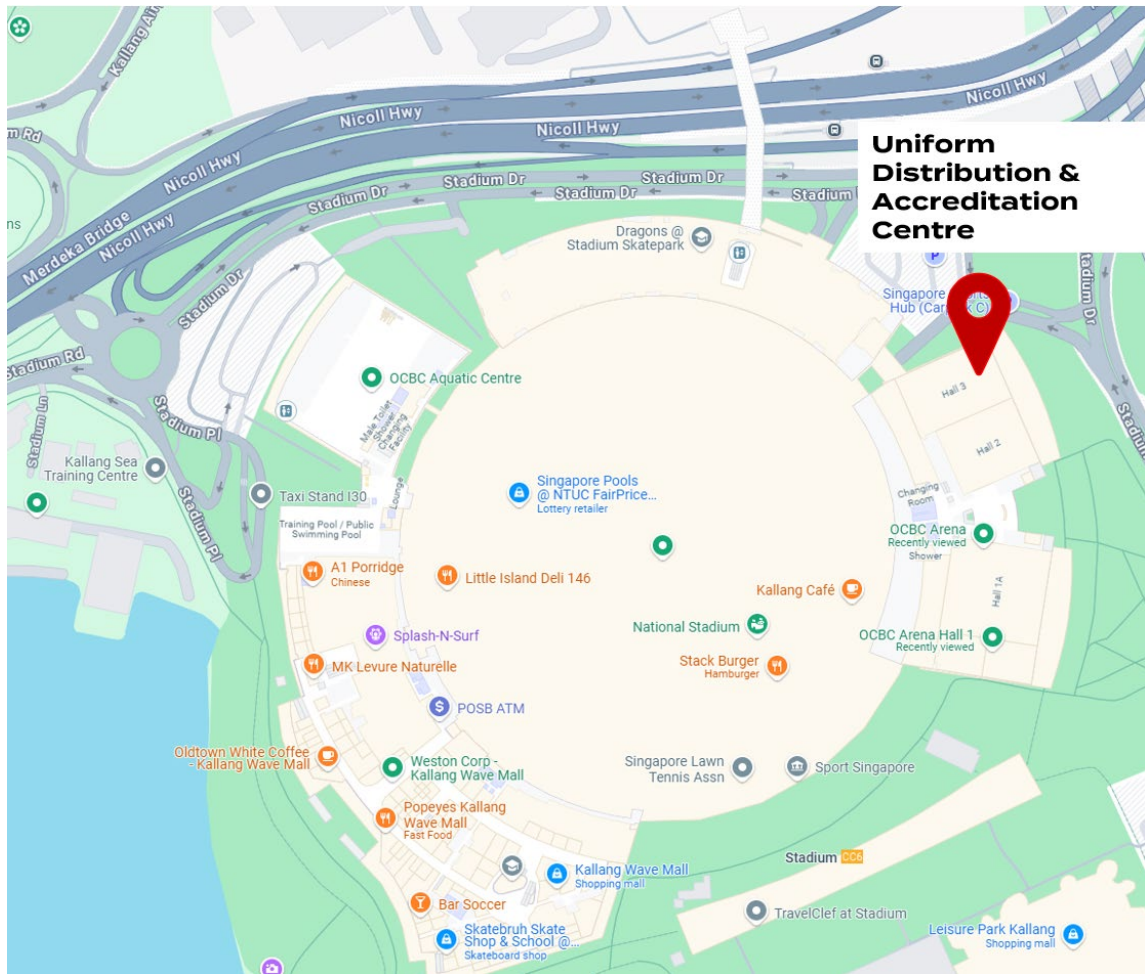

Opening on **6th July 2025** for the participating World Aquatics Members, the Accreditation Centre will be located at **OCBC Arena Hall 3** within Sports Hub precinct. Team Leaders (or designated representatives with official written authorization) must visit the Accreditation Centre in person to collect accreditation cards for the team. They are required to present the original identity documents (passports used as identification in the GMS) for each team member.

Lost or Damaged Accreditation Card and Replacement

If your accreditation badge is lost, it must be reported immediately to the nearest security personnel from the Organising Committee. A penalty fee may be charged for the reproduction of lost accreditation badges.

Visa Information

Every eligible participant whose participation has been approved by World Aquatics will receive an invitation letter from the Organising Committee. It is the participant's responsibility to apply for a visa promptly to ensure it is received in time for the event.

8. ATHLETES & DEVELOPMENT PROGRAMMES

In addition to the world-class competitions taking place during the World Aquatics Championships, World Aquatics and the Organising Committee are pleased to announce a comprehensive programme of activities designed to enrich the overall experience for all participants. These activities aim to create a dynamic environment where athletes, coaches, and representatives of National Federations can connect, learn, and share in the spirit of the aquatics community.

Throughout the Championships, a series of dedicated workshops will be offered across the different aquatic sports. These sessions will provide a unique opportunity to dive deeper into the technical, tactical, and developmental aspects of each sport, guided by experts and leading figures in the aquatics world. Coaches will also have the chance to take part in informal discussions and "coach chats" – relaxed settings where they can exchange experiences, ideas, and challenges with their peers in a collaborative and open atmosphere.

For National Federations, specific meetings will be organised to encourage dialogue and foster cooperation among member organisations. These gatherings will be a key moment to align on future goals, share best practices, and strengthen the global aquatics network. A medical seminar will also be held during the event, offering valuable insights into athlete health, injury prevention, recovery, and performance optimisation, led by professionals in sports medicine and science.

To ensure that athletes can recharge and enjoy their time beyond competition, dedicated athlete lounges will be set up at each venue. These lounges will serve as welcoming, comfortable spaces where athletes can unwind, connect with others, and take part in a variety of interactive activities and entertainment options.

A key feature that will unite all these initiatives is the common theme of sustainability. This important value lies at the heart of both World Aquatics and the Organising Committee's vision for the event. From the way workshops are designed, to the materials used, and the messages shared, sustainability will be woven into every aspect of the programme. It reflects our shared commitment to building a responsible future for our sport and our planet.

More information about these activities will be shared as we get closer to the event. We encourage all participants to stay connected and informed through Event Insider, where full details and schedules will be published. We look forward to welcoming you not only to the competition venues, but also to this vibrant and engaging programme running throughout the Championships. Stay tuned!
