PRESIDENT'S MESSAGE

World Aquatics High Diving World Cup 2025

On behalf of the World Aquatics family, it is my great pleasure to welcome you to the World Aquatics High Diving World Cup 2025.

This year's edition sees the daring athletes of our sport take flight from the majestic limestone cliffs of Porto Flavia, plunging into the emerald waters of South Sardinia, Italy. More than 50 of the world's top male and female high divers will showcase their skills at this breathtaking Mediterranean venue, showcasing their talents throughout Europe and beyond.

With athletes diving from platforms at heights of 27 metres for men and 20 metres for women—and reaching speeds of up to 87 km/h upon water entry—this is truly one of the most thrilling events in the aquatics calendar.

I would like to extend my sincere thanks to the Local Organising Committee, local authorities, volunteers, and officials for their dedication and hard work. Your commitment ensures a safe, spectacular, and memorable experience for athletes and fans alike.

Thank you also to our host city and our sponsors for your continued trust and support. I wish all athletes the very best in this exciting and highly anticipated World Cup season.

Captain Husain Al-Musallam

World Aquatics President

IGLESIAS MAJOR'S MESSAGE

Porto Flavia World Cup is a huge opportunity to give value and promote our area. Thanks to the wide appeal of this event, Iglesias will have the chance to be known all over the world.

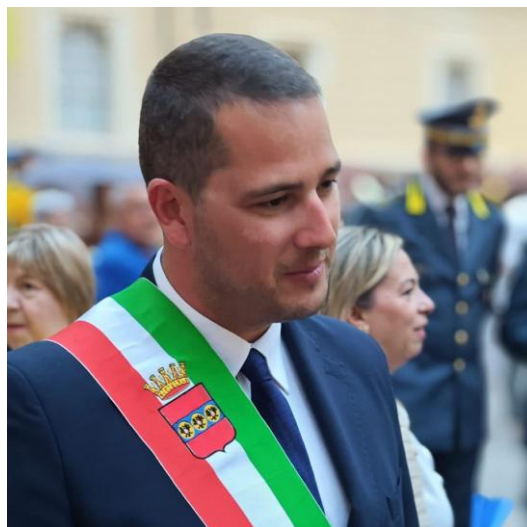

The government of our city has been working hard through all these years to promote the tourist industry in order to make it the driving force of the city.

Hosting a world competition in Porto Flavia is an unmissable opportunity that is perfectly in line with our policy program.

We are proud because Porto Flavia not only is a mine previously transformed in a tourist site and now in springboard for high diving, but also and above all because it will be the very first stage in Italy for the competition.

Mauro Usai,
Iglesias Major

SARDINIA COUNCIL'S MESSAGE

Set in the symbolic and breathtaking location of Porto Flavia, the international sporting event World Aquatics World Cup hosted by Marmmeeting in Porto Flavia perfectly embodies the direction the Region, and we ourselves are heading: the promotion of our area through sport, culture, and landscape. It is a concrete way to enhance the value of Sardinia in a dynamic and sustainable way.

Our island is not only about sea and beaches; it is also our environmental and cultural heritage, rich in history and untamed nature. Together with its stunning natural setting, Porto Flavia is a place that tells a great story about human ingenuity and hard work.

The union between this wonderful site and the high diving competition turns the spotlight on a truly unique corner of Sardinia that has the potential to attract and amaze visitors from around the world.

We believe in this connection: sport, promotion of our area and the active involvement of local communities. World Aquatics World Cup hosted by Marmmeeting in Porto Flavia proves that this can be achieved with quality, respect for the environment and a positive economic impact. We will continue to support and encourage initiatives that proceed in this direction.

IGLESIAS COUNCIL'S MESSAGE

For the past seven years, the city of Iglesias has undertaken a planned action to promote and enhance its surroundings. We were driven by a strong determination to transform not only our city but the whole area into an attractive tourist destination highlighting its deep-rooted mining history.

2024 was the year of the 33rd edition of Marmmeeting and Porto Flavia was chosen to display an unprecedented sporting show. This also had a significant impact on both the city of Iglesias and Porto Flavia giving them the opportunity to gain international recognition.

This adrenaline-filled event featured athletes from all over the world paying tribute to our coastline with spectacular high dives against a breathtaking backdrop.

I want to thank Marmmeeting Water Sports SSD for their huge effort and extraordinary success achieved with this event.

Their story gives evidence of their professionalism and ability in skilfully organising an innovative event, facing all the challenges of our stunning yet unusual location.

In 2025, we welcome some exciting and unexpected news: the hosting agreement between Marmmeeting and World Aquatics, makes Porto Flavia the official stages in the High Diving World Cup.

World Cup in Porto Flavia is now a reality—the first and only Italian stage of the world tour.

In 2024 we believed in the successful outcome of this wonderful event and, this year, with the participation of World Aquatics, it has become a certainty.

Vito Spiga,

Iglesias Council member for Sport
