1.3. Championship Records progression

1.4. Best performances per event

1.4.1 Fastest reaction times, split times, event times and points per women events

Notes:

- “Fastest Xm split” means the best time achieved from the start to that point of the race: e.g. “Fastest 100m split” represents the fastest time achieved on the first 100m of that event.
- Those fastest splits achieved by the gold medalist are bolded.

4.3. A comparison of Individual Entry Times and Results

The following table shows the total number of athletes registered per event (Total n° entries), compared to the final number of athletes that competed in each event, after removing withdrawals, Did Not Start and Disqualified athletes (Valid entries). "Entries with entry time" includes the number of valid entries who entered the competition with an entry time, instead of "No Time". Finally, those number of valid entries with entry times who improved that initial time during the competition are shown in "Entry times improved" column.
