Introduction and Event Overview

The diving competition at the World Aquatics Championships in Singapore brought together 278 athletes from 54 countries, showcasing outstanding skill and precision across thirteen diving events.

Held at the OCBC Aquatic Centre, the program featured six individual events—Women's 1m Springboard, Men's 1m Springboard, Women's 3m Springboard, Men's 3m Springboard, Women's 10m Platform, and Men's 10m Platform—six synchronized events—Women's 3m Synchronized, Men's 3m Synchronized, Women's 10m Synchronized, Men's 10m Synchronized, Mixed 3m Synchronized, and Mixed 10m Synchronized—along with the Mixed Team Event.

WORLD AQUATICS CHAMPIONSHIPS SINGAPORE 2025

Performance of Top 5 Countries in Diving: Medal Distribution Over the Last 5 Olympic Games

This graph illustrates the performance of the top 5 countries in diving, determined by the total number of medals won across the last five World Championships (2019, 2022, 2023, 2024, and 2025). The countries included in this ranking were selected based on their overall medal count, encompassing gold, silver, and bronze medals earned in individual, synchronized and mixed team diving events.

WANG Zongyuan	CHN		B		G	
ZHENG Jiuyuan	CHN	G			G	

*Men Synchronized and Mixed Synchronized events

Where G stands for Gold, B for Bronze and S for Silver.

Performance Statistics

Scoring Formula for Individual Events

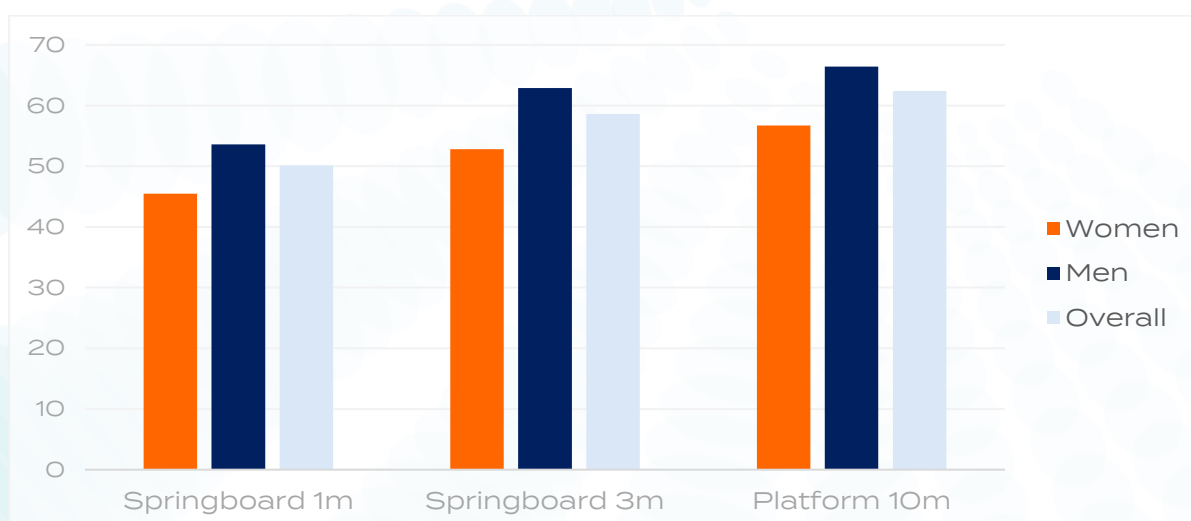

In individual diving events, seven (7) judges award scores for each dive. The two (2) highest and two (2) lowest scores are disregarded, and the remaining three (3) scores are summed and then multiplied by the Degree of Difficulty (DD) of the dive. This calculation yields the total points for that dive.

The following terms will be used in the subsequent sections:

- **Points:** The total points earned by the athlete for a dive, calculated after applying the degree of difficulty (DD).
- **Execution Score:** This refers to the points divided by the degree of difficulty, providing a normalized score that allows for consistency assessment across dives with varying degrees of difficulty.
- **Average Judge's Score:** The average score awarded by the judges, considering all seven (7) scores before any are disregarded.

Average Points per Individual Event per Gender

	Springboard 1m	Springboard 3m	Platform 10m
Women	45.5	52.8	56.7
Men	53.6	62.9	66.4
Overall	50.1	58.6	62.4

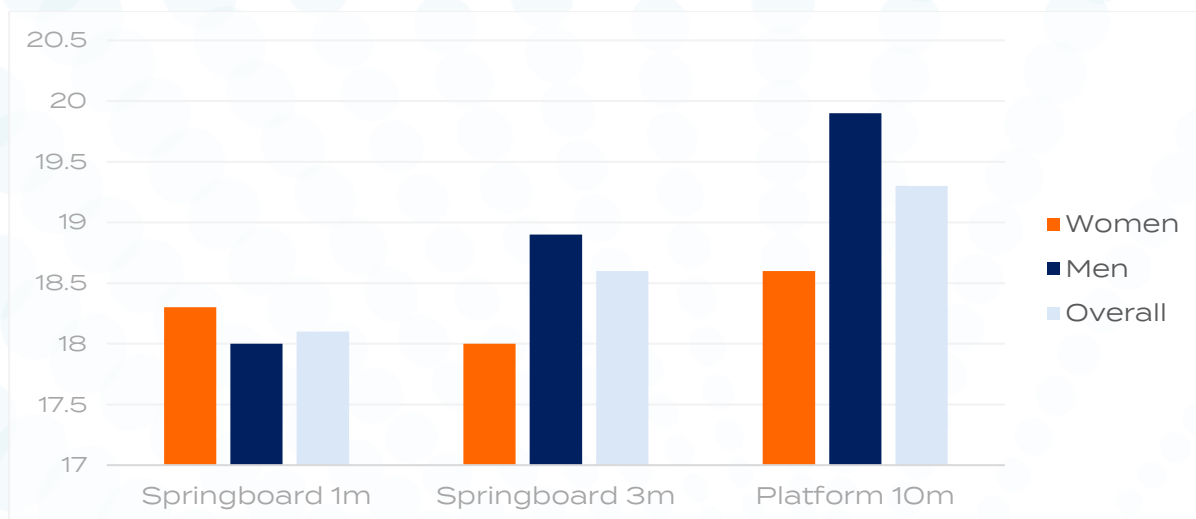

WORLD AQUATICS CHAMPIONSHIPS SINGAPORE 2025

Average Execution Scores per Individual Event per Gender

	Springboard 1m	Springboard 3m	Platform 10m
Women	18.3	18.0	18.6
Men	18.0	18.9	19.9
Overall	18.1	18.6	19.3

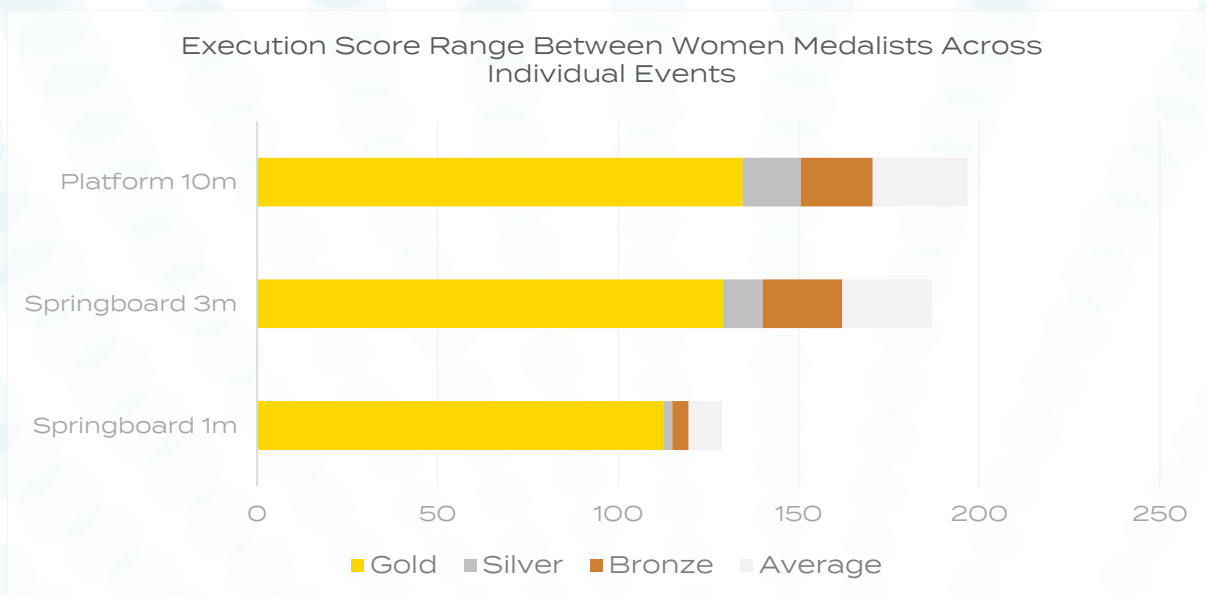

Execution Score Range Between Gold, Silver, and Bronze Medallists by Gender

Individual - Women

	Springboard 1m	Springboard 3m	Platform 10m
Gold	112.5	129.0	134.5

Athlete Consistency and Performance

Average Execution Scores by Events and Gender with Standard Deviation Error Bars

To provide an overview of performance trends before examining athlete-specific details, the following graph presents the average execution scores achieved in each event, separated by gender. Standard deviation error bars are included to illustrate the variability of performances within each group, offering insight into both the central tendency and the consistency of results.

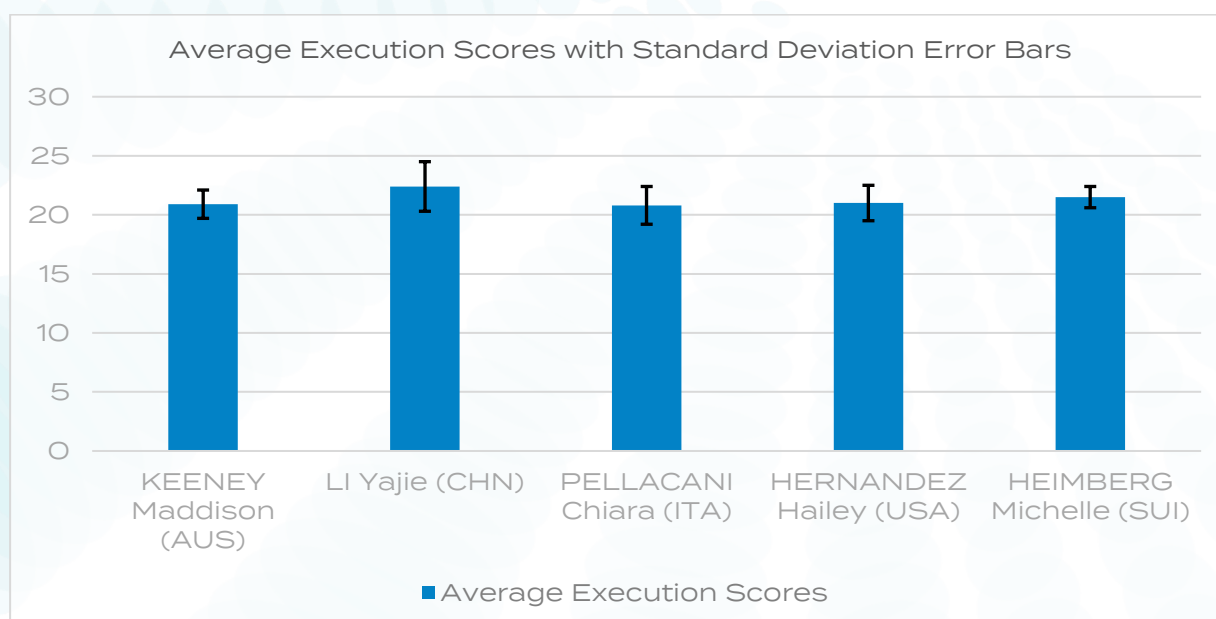

WORLD AQUATICS CHAMPIONSHIPS SINGAPORE 2025

Average Judge's Score, range between highest and lowest points, and standard deviation for the top 5 athletes per gender and event

This section presents an analysis of athlete consistency and performance for those who attained the top five positions in each individual event. Total points were calculated by aggregating the points obtained in the preliminaries, semifinals, and finals. The average judge's score was derived from the judge's score recorded in each phase. To determine the highest and lowest execution scores, the points for each dive were normalized by dividing them by the degree of difficulty (DD) to account for variations attributed to the DD. Additionally, the standard deviation was computed using scores that excluded the degree of difficulty.

Women Springboard 1m

Athlete	Total Points	Average Judge's Score	Highest Ex. Score	Lowest Ex. Score	Range between highest and lowest	Standard deviation
