4.3. A comparison of Individual Entry Times and Results

The following table shows the total number of athletes registered per event (Total n° entries), compared to the final number of athletes that competed in each event, after removing withdrawals, Did Not Start and Disqualified athletes (Valid entries). "Entries with entry time" includes the number of valid entries who entered the competition with an entry time, instead of "No Time". Finally, those number of valid entries with entry times who improved that initial time during the competition are shown in "Entry times improved" column.

	Tot n° entries	Valid entries	Entries with entry time	Entry times improved	% of improvement	% of entries without entry time
