CHAPTER 1 – Tournament Overview & Highlights

This chapter provides a detailed overview of the 2025 World Aquatics Championships Water Polo competitions, capturing both the scale and the intensity of the competitions. Thus, it presents participation across teams and athletes, summarizes match statistics with information such as goals, shot efficiency, possession metrics, and disciplinary actions, and highlights standout performances at both individual and team levels. Key moments, the highest-scoring matches, largest score margins, and top-performing quarters are analysed to provide insight into the dynamics of the games. Moreover, we highlight the achievements of top scorers, leading goalkeepers, and disciplined players, showing how their individual contributions shaped team outcomes. By combining these quantitative metrics with qualitative highlights, the chapter presents a comprehensive narrative that captures the action and performance throughout the women's and men's tournaments.

1.1 Tournament Summary

1.1.1 Participation

1.1.1.1 Women

The women's tournament featured 16 national teams, representing all major global water polo regions. The participating nations were:

ARG, AUS, CHN, CRO, ESP, FRA, GBR, GRE, HUN, ITA, JPN, NED, NZL, RSA, SGP, USA.

1.1.1.2 Men

The men's tournament featured 16 national teams, representing all major global water polo regions. The participating countries were:

ARG, AUS, BRA, CAN, CHN, CRO, ESP, GRE, HUN, ITA, JPN, MNE, ROU, RSA, SGP, SRB.

Teams in each competition were divided into four groups of four for the preliminary round, before progressing to the crossover, classification, quarterfinals, semifinals, and medal matches.

Across both categories, women and men, more than 230 athletes participated in each competition, supported by extensive technical, officiating, administrative, and operational delegations.

CHAPTER 2 – Overall Team Tournament Statistics

The second chapter provides a comprehensive overview of team performances throughout the tournament. It goes beyond match results to explore and analyse offensive and defensive statistics, shot and possession efficiency, and disciplinary records across women’s and men’s competitions. Thus, the chapter focuses on how teams executed strategies, converted opportunities, and maintained defensive solidity. Furthermore, the chapter highlights key matches and standout team performances, revealing trends and patterns across both women’s and men’s competitions. Through the combination of quantitative data with key team highlights, we provide a data-driven overview of team performance and tactical dynamics.

CHAPTER 3 – Individual Performance

This final chapter focuses on the individual contributions that shaped the tournament, highlighting the most influential players across the women’s and men’s competitions. It examines top scorers, goalkeepers, and defensive specialists, providing detailed statistics on goals, saves, steals, blocks, sprints, and exclusions. By analysing these metrics, the chapter reveals how standout performers impacted their teams’ results, identifies trends in player efficiency and effectiveness, and offers insight into the tactical and physical qualities that distinguished the tournament’s leading athletes.
