PRESIDENT'S MESSAGE

World Aquatics Diving World Cup 2026

Dear friends,

It is my great pleasure to welcome you to the 2026 edition of the World Aquatics Diving World Cup. This year's series will be hosted across three cities with proud aquatic traditions, each offering a distinctive setting for the world's best divers to showcase their talent on the global stage.

Once again, the world's diving elite return to Montreal, Canada, to open the 2026 Diving World Cup from 26 February to 1 March. A renowned host of major sporting events – including the 1976 Olympics and 2005 World Aquatics Championships – Montreal has a rich diving history, having hosted 14 World Aquatics Diving World Cup and Grand Prix events, as well as the 2022 World Junior Diving Championships. The historic Montreal Olympic pool - a hub for both community and elite sport for over 50 years - will once again be the competition venue.

From Montreal, the Diving World Cup moves to Zapopan, Mexico, from 5–8 March 2026, marking the second consecutive year the city hosts the event. With Olympic diving medals in every Summer Games since 1932, Mexico has long been a cornerstone of the sport. The Centre Acuático Code Metropolitano – home to many of the country's top athletes – will provide a fitting backdrop for a memorable competition.

Following Zapopan, the Diving World Cup concludes in Beijing, China, with the Super Final from 1–3 May 2026. The iconic Water Cube, officially the National Aquatics Centre, will host the world's top divers. Steeped in Olympic history, including the 2008 Games, Beijing has also staged 11 World Aquatics Diving World Cups. With its passionate fans and strong commitment to elite aquatics, the city provides a fitting finale for the 2026 tour.

With the build-up to the 2027 World Aquatics Championships and the LA28 Olympic Games in sight – not to mention Beijing hosting the World Aquatics Championships in 2029 – this year's Diving World Cup series serves as a vital stage in the athlete's journey towards one of the most action-packed and crucial periods in the sport's history.

I want to extend my sincere gratitude to our host cities, local organizers, volunteers, and everyone working behind the scenes to bring these events to life – your efforts are extremely valued and appreciated.

To all the divers, I wish you the very best. Enjoy the competition, have pride and embrace this important moment in your career!

Husain Al-Musallam
World Aquatics President

RULES & FORMAT

The Diving World Cup Zapopan 2026 will consist of the following 9 medal events:

- Individual diving - Men/Women - 3M Springboard/10M Platform
- Synchronised diving - Men/Women - 3M Springboard/10M Platform
- Mixed Team event

Please refer to the [World Aquatics Competition Regulations](#) and [World Aquatics Diving World Cup 2026 Rules and Regulations](#), for more details.

ELECTRONIC DIVE SHEETS

World Aquatics in collaboration with Swiss Timing will continue using electronic Dive Sheets, as introduced in 2025.

Only one person per National Federation (NF) per competition will get credentials to submit dive sheets electronically on Dive Sheets Manager. World Aquatics has reached out to each of the participating NFs to obtain contact details. If you have not received communication about it, please reach out to World Aquatics at caroline.lecoeur@worldaquatics.com.

The designated person will receive an email from no-reply@st-software.com to log in on the website. They will then have the view of each event to enter their dive sheets.

They will only see divers from their own NF entered in each event. Each event will be open until 24 hours before the Preliminaries or direct Finals as per the World Aquatics Competition Regulations. All phases (Preliminaries and Finals) shall be completed and submitted for each event with athletes entered to participate.

After submitting each dive sheet, the owner will get a confirmation email with the dive list.

TRANSPORTATION

AIRPORT

All arrivals and departures must be made to and from **Guadalajara International Airport (GDL)**. The LOC will have an information booth in the international terminal.

Please see Diving JALISCOS's staff at the desk when arriving in Guadalajara.

Airport pick-up and drop off will be based on the travel details entered in the GMS. Please ensure these are entered correctly.

LOCAL TRANSPORTATION

Transportation between the venue and the hotels will be provided. The detailed schedule will be shared shortly.

WEATHER IN JALISCO IN MARCH

It is spring in Jalisco in March. There will be nice weather:

During the month of March 2026, Jalisco will experience low temperatures of 12°C and highs of up to 33°C.

While it's true that the weather will be pleasant, it's a good idea to have some warm clothing just in case.
