## PRESIDENT'S MESSAGE

Dear friends,

It is my great pleasure to welcome you to the 2026 edition of the World Aquatics Diving World Cup. This year's series will be hosted across three cities with proud aquatic traditions, each offering a distinctive setting for the world's best divers to showcase their talent on the global stage.

Once again, the world's diving elite return to Montreal, Canada, to open the 2026 Diving World Cup from 26 February to 1 March. A renowned host of major sporting events – including the 1976 Olympics and 2005 World Aquatics Championships – Montreal has a rich diving history, having hosted 14 World Aquatics Diving World Cup and Grand Prix events, as well as the 2022 World Junior Diving Championships. The historic Montreal Olympic pool - a hub for both community and elite sport for over 50 years - will once again be the competition venue.

From Montreal, the Diving World Cup was scheduled to move to Zapopan, Mexico, from 5–8 March 2026, marking the second consecutive year the city was set to host the event. While the 2026 edition in Zapopan had to be withdrawn, we look forward to returning to the city in the coming years as part of future World Cup seasons. With Olympic diving medals awarded at every Summer Games since 1932, Mexico has long held an important place in the history and development of the sport. The Centre Acuático Code Metropolitano—home to many of the country's leading athletes—will provide a fitting backdrop for memorable competitions ahead.

Following Zapopan, the Diving World Cup concludes in Beijing, China, with the Super Final from 1–3 May 2026. The iconic Water Cube, officially the National Aquatics Centre, will host the world's top divers. Steeped in Olympic history, including the 2008 Games, Beijing has also staged 11 World Aquatics Diving World Cups. With its passionate fans and strong commitment to elite aquatics, the city provides a fitting finale for the 2026 tour.

With the build-up to the 2027 World Aquatics Championships and the LA28 Olympic Games in sight – not to mention Beijing hosting the World Aquatics Championships in 2029- this year's Diving World Cup series serves as a vital stage in the athlete's journey towards one of the most action-packed and crucial periods in the sport's history.

I want to extend my sincere gratitude to our host cities, local organisers, volunteers, and everyone working behind the scenes to bring these events to life – your efforts are extremely valued and appreciated.

To all the divers, I wish you the very best. Enjoy the competition, have pride and embrace this important moment in your career!

**Captain Husain Al-Musallam**  
**World Aquatics President**

## GENERAL INFORMATION

China Swimming Association together with World Aquatics is pleased to welcome you to the World Aquatics Diving World Cup 2026-Super Final to be held in Beijing, China from May 1<sup>st</sup> to May 3<sup>rd</sup>, 2026.

### HOST

China Swimming Association  
No.2, Tiyuguan Road, Dongcheng District, 100763, Beijing, CHN

### EVENT COVERAGE

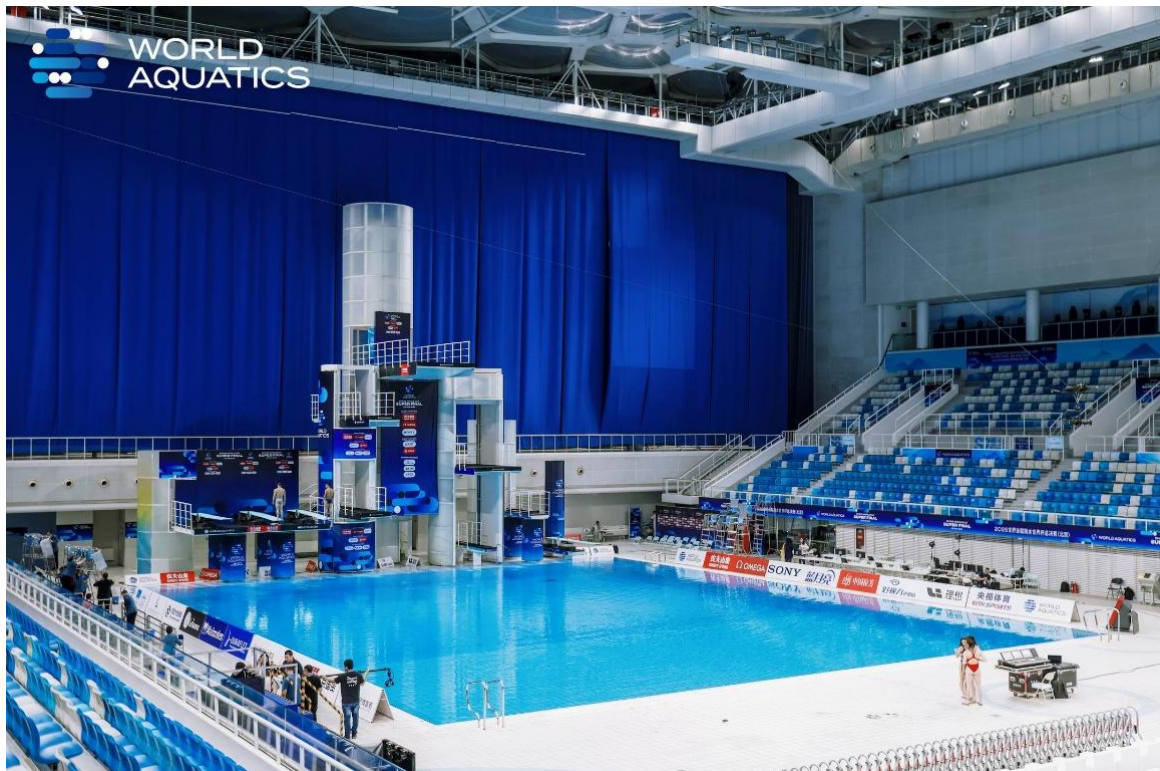

Event website will be available at [worldaquatics.com](http://worldaquatics.com). Live results and broadcast will be available on the event website throughout.

### TICKETING

Ticket information will be provided shortly.

### VENUE INFORMATION

Competition will be held in the National Aquatics Center. The venue has a construction area of 100,000 square meters, with both length and width of 177 meters and height of 30 meters. As a 4,300-seat indoor arena, it has staged the Olympic Games in 2008.

## DIVING RULES AND FORMAT

The DWC 2026 Beijing Super Final will consist of the following 9 medal events:

- Individual Diving Men/Women: 3m Springboard, 10m Platform – Head-to-Head format
- Synchronised Diving Men/ Women: 3m Springboard, 10m Platform – Direct Final
- Mixed Team Event – Direct Final

For more details, check out the [World Aquatics Diving World Cup Additional Rules and Regulations 2026](#).

### ELECTRONIC DIVE SHEETS

World Aquatics in collaboration with Swiss Timing launched in 2025 the use of electronic Dive Sheets. This will be in use for the DWC Super Final. Only one person per National Federation (NF) per competition will get credentials to submit dive sheets electronically on [Dive Sheets Manager](#).

The designated person will receive an email from [no-reply@st-software.com](mailto:no-reply@st-software.com) shortly to log in on the website. **If you do not receive the email by April 24<sup>th</sup>, please inform us right away.**

Each event will be open until 24 hours before the Preliminaries or direct Finals as per the World Aquatics Competition Regulations. All phases (Head-to-Head/Semifinals and Finals) shall be completed and submitted for each event with athletes entered to participate. After submitting each dive sheet, the owner will get a confirmation email with the dive list.

### Important notes:

- Dive change, substitution, withdrawal and appeal procedures will have to be done through the respective forms by hand.
- For a dive change between the Semifinal and the Final, a federation representative must inform the **TDC Vice-Chair** and **Omega** on the Field of Play as soon as the Semifinal phase is completed and fill out a dive change form.

- The designated hospitals are the ANZHEN Hospital and The General Hospital of Chinese People's Liberation Army No.9 Medical Science Center. It takes about 10 minutes' drive from the venue to the hospital.

GLOBAL PARTNERS

- During training and competitions lifeguards will be constantly on duty.
- There will be an ambulance standby at the venue.

## DOPING CONTROL

Urine samples will be collected during the competition for the purpose of doping controls. The doping controls will be done in accordance with the World Aquatics Doping Control Rules and the World Anti-Doping International Standards, which can be consulted [HERE](#).

The operations will be supervised and coordinated by the International Testing Agency (ITA). The list of prohibited substances can be consulted [HERE](#). For reminder, all athletes are strictly responsible for any prohibited substance found in their sample and it is particularly important for them to check any medication they take against the prohibited list. Additionally, all athlete support personnel are responsible to be knowledgeable about anti-doping regulations and procedures.
