PRESIDENT'S MESSAGE

World Aquatics High Diving World Cup 2026

Dear friends,

It is our great pleasure to welcome you to the World Aquatics High Diving World Cup 2026, the sport's premier annual competition, which showcases the extraordinary talent and fearless determination of the athletes.

This year, we are privileged to stage the World Aquatics High Diving World Cup at two iconic venues in Fort Lauderdale (USA) from 15-16 May and Porto Flavia (ITA) from 11-12 July.

Fort Lauderdale, with its newly enhanced aquatic facilities and deep sporting tradition, continues to play a pivotal role in high diving's expansion. World Aquatics is delighted that this will be the first High Diving World Cup held here as part of our multi-year agreement with the organisers. This partnership also includes the World Aquatics Junior High Diving Championships, providing an important platform to showcase emerging athletes alongside the world's best in elite competition.

The World Aquatics High Diving World Cup also returns to Porto Flavia, following a very successful debut last year through our multi-year agreement with the Marmmeeting organisers. With the spectacular natural cliffs of southern Sardinia providing an ideal setting, Porto Flavia has firmly established itself as one of the world's most celebrated locations for high diving. We look forward to witnessing another unforgettable occasion for the athletes and fans.

We believe this year's series brings together the proud heritage and bold future of high diving, while strengthening World Aquatics' commitment to enhancing opportunities for athletes, expanding storytelling possibilities and increasing the sport's global visibility.

On behalf of World Aquatics, I extend my sincere gratitude to the Local Organising Committees, local authorities, officials and the dedicated volunteers who help to deliver these events to the highest standards.

To all the athletes, I wish you every of success and hope you enjoy your time in these two wonderful locations.

Husain Al Musallam,

World Aquatics President
