

World Aquatics Scholarship Programme 2026-2027

About the Programme

The World Aquatics Scholarships Programme was launched in 2014 with the purpose of providing financial and technical assistance to athletes with internationally recognised sporting achievements, but without favourable or sufficient conditions to train locally.

World Aquatics is proud to allocate significant resources to the 2026-2027 World Aquatics Scholarship Programme, recognising its pivotal role in nurturing the development of the National Federations and their talented athletes.

The programme targets 100 Swimmers, 20 Open Water Swimmers, 20 Divers, 10 Artistic Swimming Duets, 20 Water Polo players and, for the first time ever, 6 High Divers. Quotas per continent and gender equality will be considered.

Majority of the athletes will be placed at the **World Aquatics Training Centres**, except Artistic Swimming Duets and High Divers, who will receive scholarship grants, and Water Polo players, who will be placed in Water Polo clubs across Europe.

Priority for the allocation of the scholarships will be given to the candidates with greater needs and to whom the scholarship will create an opportunity to reach their full potential.

All National Federations are invited to submit an **online application** by the [**30 April 2026**](#).

for scholarships each year

PRIORITY

The scholarships will be allocated to the candidates with greater needs
and to whom the scholarship will create an opportunity to reach their full potential

General considerations for Training Centre based athletes

Athlete profile

- 1 | The candidate must be a National Team member, who has represented his/her country at the international competitions
- 2 | **He/she must participate in the upcoming World Aquatics Championships and Olympic Games**
- 3 | The athlete must be in **good physical & psychological condition** to undertake a high-performance training and competition programme. An official medical certificate confirming the athlete's physical and mental fitness must be provided by the respective National Federation prior to the athlete's arrival at the Training Centre (or Water Polo club).
- 4 | He/she is ready to move to a foreign country, **to the Training Centre (or Water Polo club) designated by World Aquatics**
- 5 | He/she will comply with the **World Aquatics' Regulations, the Scholarship holders' Code of Conduct** and the **Training Centre's (or Water Polo club) Code of Conduct**. The athlete must attend all scheduled training sessions as part of the programme requirements.
- 6 | He/she will take the chance to **improve their sport results, will be open to educational opportunities provided** by the Training Centres (or Water Polo clubs), will cooperate with World Aquatics and the Training Centre Coaches
- 7 | He/she put his/her **best efforts** to develop as an athlete and as a person

Applicants' selection

Highly motivated athlete:

- Eager to join a **high-performance** training environment
- Fully prepared to **commit** to a 2-year programme (except for Artistic Swimming, High Diving and Water Polo)
- **Exemplary** attendance at practices

Conditions at the Training Centres

Training Centre based athletes (excluding Artistic Swimmers, High Divers and Water Polo players*) will receive:

- 1 | Full board accommodation or accommodation and meal allowance
- 2 | Training plan: access to training facilities, coaching services and biomechanical analysis (for Swimming and Open Water Swimming)
- 3 | Participation at competitions, according to the Training Centre's competition plan
- 4 | Accident, Health and Travel Insurance – the insurance coverage may vary based on the specific conditions at the different Training Centres
- 5 | Pocket money (100 USD/month)
- 6 | Personal development and educational opportunities may vary on the specific conditions at different Training Centres

*Please refer to slide 33 for further information related to the conditions provided at the European Water Polo clubs.

Competition support

Qualifying events for the World Aquatics Championships

Training Centres receive up to **1,500 USD/year/scholarship holder** to support the scholarship holders' participation in the qualifying events

Participation in the World Aquatics Championships

World Aquatics provides **travel and accommodation subsidies** to the National Federations for the participation of their delegations in the World Aquatics Championships

However, the National Federations may have to cover some of the scholarship holders' competition expenses

Responsibilities of the Training Centres

LOGISTICS

- Assistance in obtaining an entry visa and the necessary permits to stay in the country
- Provide a round-trip ticket from the athlete's home country to the Training Centre at the beginning and at the end of the scholarship
- Provide local airport transfers
- Coordinate the athlete's participation at the World Aquatics qualifying events

IMPORTANT: the Training Centres allocation is made by World Aquatics. World Aquatics covers the athlete's round-trip ticket to the Training Centre and up to 1,500 USD/year for the athlete's participation at the World Championships qualifying events

TC COACH

- Establish the training programme, tailored to the athlete's needs
- Determine the competition programme

Responsibilities of the National Federations

LOGISTICS

- Assist the athlete during the visa application process. If the required documentation cannot be arranged or the visa process cannot be completed within the specified timeframe, athletes on the waiting list will be prioritised.
- Cover all costs associated with the visa application process

COMPETITIONS

- For National Federations with athletes qualified through Universality places: submit a copy of the athlete's National selection criteria to participate at upcoming World Aquatics Championships at least five months in advance
- Include maximum **3 National/Continental** level events per year in the athlete's competition plan. National Federations must cover all travel and competition-related expenses
- Transparency is critical with the competition plan to ensure the TC Coaches can periodise the training plan for the individual. It is recommended the athletes compete regularly and this needs to be an open discussion with the Training Centres.

IMPORTANT: the competition proposal must be submitted to World Aquatics by the end of September and is subject to approval by both the Training Centre and World Aquatics

FINANCIAL ASSISTANCE

- Provide pocket money to facilitate the athlete's reallocation and daily life at the Training Centre
- Provide additional financial support for the athlete's participation at competitions, as included in the competition plan

IMPORTANT: National Federations may use the **World Aquatics Support Programme funds** to cover any additional expenses that are not covered through the World Aquatics Scholarship programme

Swimming Scholarships

*Key aspects National Federations need to consider
before applying for the programme*

Swimming Scholarships

AIM

Each National Federation may apply with up to two athletes, one of each gender, for a two-year scholarship

ELIGIBILITY CRITERIA

1. AGE LIMITS

Applicants must be 18 years to 28 years old by the start of the scholarship

2. UNFAVOURABLE TRAINING CONDITIONS

Countries that lack a high-performance training environment (e.g. limited access to training facilities, a specialised coach etc.)

3. FINANCIAL SUPPORT

Applicants do not benefit from alternative financial sources (e.g. Olympic Solidarity/University Scholarship, Governmental support)

4. GENDER BALANCE

If one or more athletes of the same gender already benefit from a similar programme (e.g. Olympic Solidarity Scholarship), an athlete of different gender would be considered

5. NATIONAL RANKING

The applicant holds a top 3 national ranking, either in the male or female category, as per the World Aquatics points table. Only the 2025-2026 swimming events performed in long course are considered

6. COMPLIANCE

The applicant must comply with World Aquatics regulations, including Sport Nationality rules (Competition regulations) as well as with the Olympic Charter

TARGET

PARTICIPATION AT INTERNATIONAL COMPETITIONS

The athlete must have participated at least at one of the following competitions:

World Aquatics Championships – Singapore 2025

World Aquatics Swimming World Cups 2025

World Aquatics Junior Swimming Championships – Otopeni 2025

Continental Championships held in 2025*

FUTURE PLANS

INTERNATIONAL REPRESENTATION

The athlete should participate at the upcoming **World Aquatics Swimming Championships (25m) – Beijing 2026**, **World Aquatics Championships – Budapest 2027** and the **Olympic Games 2028**

Water Polo Scholarships

*Key aspects National Federations need to consider
before applying for the programme*

Conditions at the European clubs

Athletes placed at the European first and second division clubs will receive the following services:

- 1** | Assistance in obtaining an entry visa and the necessary permits to stay in the country for the duration of the scholarship
- 2** | A round-trip ticket from the athlete's home country to the club's location at the beginning and at the end of the scholarship (in Economy class), as well as the airport transfers
- 3** | Full board accommodation (or accommodation and meal allowance)
- 4** | Access to training facilities and to a specialized coach or coaching team
- 5** | Regular training sessions as determined by the club (at least 7 practices per week, including one game)
- 6** | Registration in the team roster according to National/European regulations (practice and competition team) and participation at national club competitions according to the club's competition plan
- 7** | Dedicated medical assistance and regular scientific control
- 8** | Health, accident and travel insurance (the travel insurance should provide coverage during the athlete's participation at national club competitions)
- 9** | The scholarship provides 1,500 USD per year to Water Polo clubs to support the athlete's participation in club competitions. In addition, the athlete receives 100 USD per month as pocket money.
- 10** | Personal development and educational opportunities (they may vary depending on the specific conditions at each club)

Responsibilities of the National Federations

LOGISTICS

- Assist the athlete during the visa application process. If the required documentation cannot be arranged or the visa process cannot be completed within the specified timeframe, athletes on the waiting list will be prioritised.

IMPORTANT: All costs associated with the visa application process must be covered by the athlete's National Federation

COMPETITIONS

- During their scholarship, athletes may participate in a maximum of three (3) competitions with their National Teams

- The competition proposal is subject to the Water Polo clubs' and World Aquatics approval

- Transparency regarding the competition plan is critical. At the start of the season, National Federations must inform the Water Polo clubs about their National calendar, ensuring they are informed about scheduled National Team events by the 30 September

IMPORTANT: The athlete's National Federation is responsible for the necessary arrangements and must cover any expenses related to the athlete's travel and participation at National Team events. The National selection criteria to participate at National Team events must be submitted at least five months in advance

FINANCIAL ASSISTANCE

- Provide pocket money to facilitate the athlete's reallocation and daily life at the Water Polo clubs

IMPORTANT: National Federations may use the **World Aquatics Support Programme funds** to cover any additional expenses that are not covered through the World Aquatics Scholarship programme

Water Polo Scholarships

AIM

Each National Federation may apply with up to two athletes, one of each gender and regardless of playing position, for a one-year scholarship. Current athletes may be re-nominated; however, priority will be given to newly nominated athletes.

ELIGIBILITY CRITERIA

1. AGE LIMITS

Applicants must be 18 years to 28 years old by the start of the scholarship

2. UNFAVOURABLE CONDITIONS

The athlete has limited exposure to a high-level competition environment and training conditions

3. ATHLETIC BACKGROUND

The applicant must have played Water Polo for a minimum of 8 consecutive years and must have represented his/her country internationally*

4. ACADEMIC PROFILE

The applicant has graduated from High School and has an intermediate level of English proficiency

5. FINANCIAL SUPPORT

Applicants do not benefit from alternative financial sources (e.g. Olympic Solidarity/University Scholarship, Governmental support)

6. COMPLIANCE

The applicant must comply with World Aquatics regulations, including Sport Nationality rules (Competition regulations), with the club's Code of Conduct and with the Olympic Charter

TARGET

*PARTICIPATION AT INTERNATIONAL COMPETITIONS

European athletes

European athletes may apply if they participated in **Continental Championships since 2025** or at the **European Championships 2026**, provided their teams were not placed within the top 14 positions at the 2024 European Championships.

Non-European athletes

Non-European athletes may apply if they participated in **any Continental Championships since 2025**, provided their teams were not placed within the top 8 positions in the last Olympic Games. If they did not participate in these events, they may still apply if they attended **the World Aquatics World Cup 2026 and/or the World Aquatics Championships - Singapore 2025**.

FUTURE PLANS

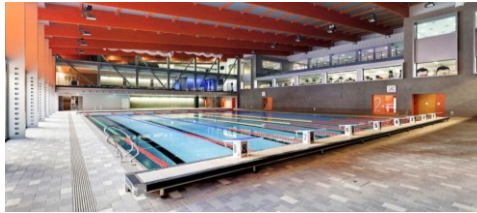

The athlete should participate in the **World Aquatics Championships – Budapest 2027**, the **World Cup 2027** or at the upcoming **Continental Championships**, if the team qualifies for these events

before applying for the programme*

Artistic Swimming scholarships

AIM

Each National Federation may apply with one duet for a one-year scholarship.

SCHOLARSHIP OPTION

NATIONAL FEDERATION

The Artistic Swimming Duet trains under the National Federation option: the National Federation and the athletes may choose the training programme and location.

National Federations must ensure that the necessary minimum conditions are provided to the athletes:

- Full board accommodation
- A specialized coach
- Access to training facilities
- Medical assistance
- Health, travel and accident insurance

Other services may be offered to the athletes upon approval of the budget proposal

ELIGIBILITY CRITERIA

1. AGE LIMITS

The youngest member of the Artistic Swimming Duet must be 18 years to 28 years old by the start of the scholarship

2. UNFAVOURABLE TRAINING CONDITIONS

Countries that lack a high-performance training environment (e.g. limited access to training facilities, a specialised coach, etc.)

3. FINANCIAL SUPPORT

Applicants do not benefit from alternative financial sources (e.g. Olympic Solidarity/University Scholarship, Governmental support)

4. COMPLIANCE

The applicants must comply with World Aquatics regulations, including Sport Nationality rules (Competition regulations) as well as with the Olympic Charter

TARGET

PARTICIPATION AT INTERNATIONAL COMPETITIONS

The Duet must have participated at least at one of the following competitions:
